

Every thing about u 💕💕💕

## How we met?

So yeah here is how I met u

So collage had started everything was new for us like we shifted to new campus everything was so exciting and new for us yeah

And the classes had started ,then one week later u came to the class

yeahh our class was missing a charm and there was a lack of cuteness.

I SAW U (off course u would have read the 3three letters in which i have described u ) and as soon as u entered i turned towards my lohith and told "maccha she is so cute ra and i want to talk to her" idk was it a coincidence or something u talked to my other friend naipunaya and ig at the start she was the only person u used to talk to right?then the next day u had come to our ds lab and when maam asked u how many of u know c programming u and preeti told maam that u guys have no idea about c programming

soooo yeahhh here is what i made a master plan so i told my friend naipunaya that if u guys come and ask for help about something related to c programming tell them that manoj will teach u ....

so the plan went according u asked naipunaya and then she told that im going to teach c programming so u approached me and asked "u are going to teach us c programming?" and i was like yes and even tho i knew ur name before u introduced urself i asked again...

so yeah next day in lecture hall u and preeti were sitting and i came up to u guys and asked "u guys remember i had told u that i would teach c programming " so u guys were like when should we come to learn and yeah then i was like "how are u going to contact me " (with the intention of wanting ur number cutieeee) but unfortunately preeti took her phone out and took my number

😅ok i did not lose hopes at this point 🙄

so u guys came to library for the first day to learn c programming

idk u both were laughing a lot that day (i still now have no idea why u guys were laughing so much that day)

and yeah here is the funny part so while teaching c programming i was looking only at preeti and teaching, buduuu because i was shyyyyy to look at u yarr i was very shyyyyy

so bubu akshata came up with a conclusion that i like preeti

and while teaching u guys were not even reacting yar i was actually doubting myself that "are these people actually understanding what im teaching or they are just laughing for no reason "

before that ooh how can i forgot this situation,u were standing outside the class and i came up to u and asked my most famous dialogue "btw i didn't catch ur name " (even tho i knew ur name

😏)

let's continue yeah one day u had come alone and Preeti was absent u and naipunaya were sitting near the library , u guys were talking about me ig whom im dating u thought that i and naipunaya were dating and talked about if im single or not .....

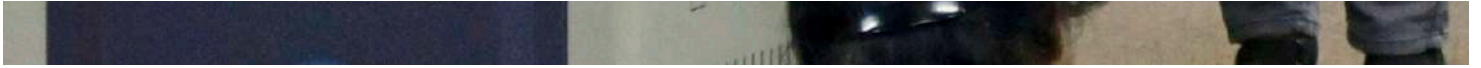

days passed on yeah we started talking properly

and one fine day 13 oct 2023 preeti was out with her bf so she could not text for ds record,so texted me (this moment was one of the happiest moment of my life )

Uk in the start rey I used to use this emoji 👍👍👍ur fav emoji 😂

u actually hated this photo right 😂

yeah now lets fast forward that story a bit to the present life

from the first day i saw u i never thought we would be close at all but yeah that c programming helped me out😂😂

I just want u to know that meeting u will always be my favourite memory but being a memory that will always break my heart cos I could never be urs😞

---

Ur personality which stands out :

Ur kind

U feel sorry and tell sorry very fast if u hurt someone

U appreciate people for their small efforts

Ur truthful

U vibe with new people very Fast

U understand people 's personality very quickly

More than that ur very mature rey

"People say that personality actually makes u more attractive than ur looks "

Now u say me what more a guy wants

U are not lucky ,the guy who gets u will be lucky 🥺

she is not just a girl, she is the most beautiful woman in the whole world. she makes me smile again. only because of her i did start to be happy again. she is cute, i love her smile, her laugh, her personality, her hair, her eyes, and so much more about her.

Remember rey cutu i had made a sticker in the start for u 😂

Why do I like you so much?

I guess It's just the vibe you gave out at our first conversation, the laughs I get from talking to you..

and just the fact that you can make me think of you even if we're not talking at the moment..

Ever since you came into my life I felt like I was the happiest..

---

Ur eye looks so beautiful idk why say u don't have good looking eyes , shutuppp they are absolutely beautiful

If I were to stare at your eyes forever, I would tell people I saw the entire galaxy without even looking at the sky.

Letter 1 💕💕

**What heart says**

Idk ig it's high time now !

From the day I saw u itself my heart melted 😔

The way u entered the class with that hands folded

The aura of innocence 😔😔

The way u keep that angry annoyed face in lecture hall its so cute 😘

The way u scold with all that anger is also very cute

Omgggg and that face expressions u give when im joking or telling u something, is very very charming 😔😔 and ur Kannada accent omggg dude that's so perfect

And yeah how can forget about ur height that's the most cutest part 😔 each time I tease u for ur height u make a sort of expression ,dude I just don't know I fall for that every time 😔😔❤

even a phone call or one message of urs makes my mood very happy not only my mood but my entire day

And those small things u get angry for , like u Remember , I told u to do that c program by urself and that math assignment thing and the phone call I cut instantly u got angry for those things but your adorableness shines through 😔😔, dude I always think how can a person be soooooooooo cute in everything they do 😔😔😔

And ur hairstyle tbh yeah u look very beautiful with that hairstyle 😔😘

When you playfully tease me by saying, 'I'm more mature than you' or 'I'm smarter than you,' yeah i accept yar u are smarter than me 😔

And yeah don't worry I'm going to click very good pictures of u next time 😔😔

So here it is !!!

I wanted to confess my love to u

Would u consider giving this manoj a special space in ur heart ?❤❤

Would u be my girlfriend shawty 🙌🙌😔❤?

ur hair clip

Letter 2 💕💕

Akshata I want to make something clear

And yeah it's important

Idk u are just running all over my mind 24/7

Nothing other than u runs in my head nowadays

Ig I'm deeply in love with u

I just can't pass a day without talking or seeing u

I always wait for ur calls or messages

Just u presence make me so happy

Talking to u in call for even 5mins makes me feel good

And idk the only thing which makes my entire day complete is by talking to u 😔

This not some sort of lust or infatuation as u think ,this is real love i mean genuinely i love u ❤️ u

have no idea how much i do love u

"I just don't want to lose you "

Take ur time and yeah come with a clear conclusion "WHAT IM I TO U "

Teach this innocent young guy 🥺👉👈

how to love u because he wants love u the way u want to be loved ❤️

And yeah if u ever fall in love I wish that u fall for me 😔🥺

---

WHAT MAKES U SPECIAL 💕👉👉💕

idk u say we should be friends ,but how ??

how can a guy be friend who likes u so much the first thought in the morning is about u , the last thought before sleeping is about, and idk why even my dreams are about u , right now also im thinking about u ,

even if i don't text u or call u the whole day

i think about u

i don't even know the reason im obsessed with u

why does it feel like i dont want to lose u

can u tell how u made me fall for u 😞😞

did i fall for u smile ?

did i fall for the way how u talk ?

did i fall for ur cutenesss ?

did i fall for ur innocence?

did i fall for ur kindness?

idk i just fell for u

i misss ur calls now !

i miss talking to u now !

idk what makes u so special for me !!!

i care about u so much

i want to express my feelings for u in front of u but i cant ,we dont get time to talk and more over i cant talk the same way like before because u said we should friends and it hurts uk ,it hurts so-much that so i cant even tell anyone

now what should i call this feeling ?

love

attraction

infatuation

i have no idea but for sure ik that i can't bear the thought of being without u

thats the only reason i accepted u as a friend out of no choice 😭

i dont even feel like to hit on any other girls now 😞

ik u don't want to enter into relationship

yeah its fine 😞

u have accept what comes ,right?

but now how can i unlove u its not possible

i dont even know when im going to show this note

should i show it to u ?

or keep it to myself?

what if its very late by the time i show u this ?  
what if im not even in ur life while ur reading this ?  
ok by chance u read this what if u go away from life ?  
why is it like ur one of the most important person in my life i dont want to lose  
I want u to be a permanent part of my life 🥹!!  
now i get it  
its ❤️ L O V E  
but what to do?  
u dont want to be loved  
is it my fault or ur past i have no idea

but i also wish that  
if u find anyone in future who ur going to fall in love with!

hope he loves u more than anyone  
hope he never makes u sad  
hope he never makes u cry  
hope he keeps u happy for the rest of ur life

because u deserved to be LOVED ❤️

i also hope in some corner of my heart its me 🥹👉 !

Now why the prospect of losing you is distressing.  
I lost many friends in my life but ,  
I just don't want to lose u ?  
Do u also have the same fear ?  
What is that which is in u keeps me come back to u ?  
First thing I want see when I enter the college is u

Some how I just get to know ur mood by just looking at u if ur worried ,angry , sad

ur eyes tell me everything 🥹

Remember the day 23rd October 2023

We spoke like 5hrs from 12 to 5 in the morning

Dude I didn't even sleep the whole day after that

It was worth sacrificing my sleep for u

Now lk we are just friends I flirt with u and I told u not to catch feelings, I still have that hope one day I will be urs and u will be mine

Imagine u don't text me one day I might act like im cool but deep down I always miss talking to u  
Do u also ever miss talking to me ? 🥹

It's not my ego that is stopping me from calling u , im just worried what if u get irritated by me and what if u lose interest talking to me 😞

The day u entered my life tbh a lot has changed

People ask me "what manoj why are u so happy nowadays " I just smile at them with the picture of u in my mind

Now tell me

Why is that u say u never loved anyone till now ?

Why ?

Uk people say love is a beautiful feeling and everyone should experience love

AND yeah ,why is that I save every reel u like

I'm I so obsessed with u in this point ?

Why is that I look at ur pics like a 1000 times a day ?

Even tho we talk to each other but still to this day my heart beat rises when I see u

I observe u so-much so that

I notice every small change in u like ur perfume like ur hairstyle ,what dress u wearing ,how is ur mood good or bad , is it the right time to talk

After all this

u still think it's just attraction 😞😞??

U remember u told me that "u can never be friends to a person who likes u ,more than a friend " yeah but i want to be everything to u

bestfriend,boyfriend, husband

Now im in the fear that i will lose u

if i tell I have feelings for u 😞

Ok now there is an action story also which I have to tell uk what there are many bois who like u ok na because of that they bought a gang to fuck me up but they couldn't touch me because of my friends more then 5to 10 threatening calls for trying on u 😂😂 I love this competition

Ur best friend has given u a nickname or something I read one of ur comment

It says "kurtrii" thats soooooo cuteeeeeee 😞😞😞

meeting you was a coincidence becoming friends was a choice but felling in love with you ,that was uncontrollable

So remember the day u told I don't want complications ?

So normally I'm not a person who overthinks but yeah that day I thought a lot and remember u called me and told we should be friends 😞that actually hurt me a lot first time ever I cried for this and did not sleep the whole night

IF SO

if it was simple attraction I wouldn't care

but yeah it's L O V E ❤️

Sometimes it feels that there is something wrong in me that i don't deserve u  
U deserve better , but yeah also want to make myself the best to become the best version for u

Whats more to continue?

So is this the end ?

Idk but yeah I hope I will be urs ❤️👉👉👉👉👉👉

Will u ever in future accept my love ❤️?

Password-13oct2023(the first day u texted me )

Hey cutu

It's new year rey and ik we did not even bother to wish each other cos u cancelled my plan rey

😞 I was bit angry but yeah it's fine

Belated Happy new year (when ever u read it )

Cutu is good nick name for u 😞 and not Budu

Idk why I call u Budu rey u smarter ,intelligent

Mature but still

Now officially cutu is ur nickname and this story will continue with this nick name itself

Rey cutu u were just like 3 months of 2023 rey idk just talking to u itself made those 3 months wonderful

Cutu I wanted spend the first day of 2024 with u 😞but plan flop 🤔

I'm so addicted to your presence and

want you in every year of mine every moment of mine.

I wanna look into your deep endless eyes and tell you that you've been the best thing happened to me in the last year

But why is that u are never mine

I still have hope 👉

Should I wait for some special moment or just give this thing on a random day ? 😞

Leave rey I will send this on last day of college

Read this and tbh I didn't even know I had such good talent of writing before I met u

So yeah what this rey now I'm like one side lover

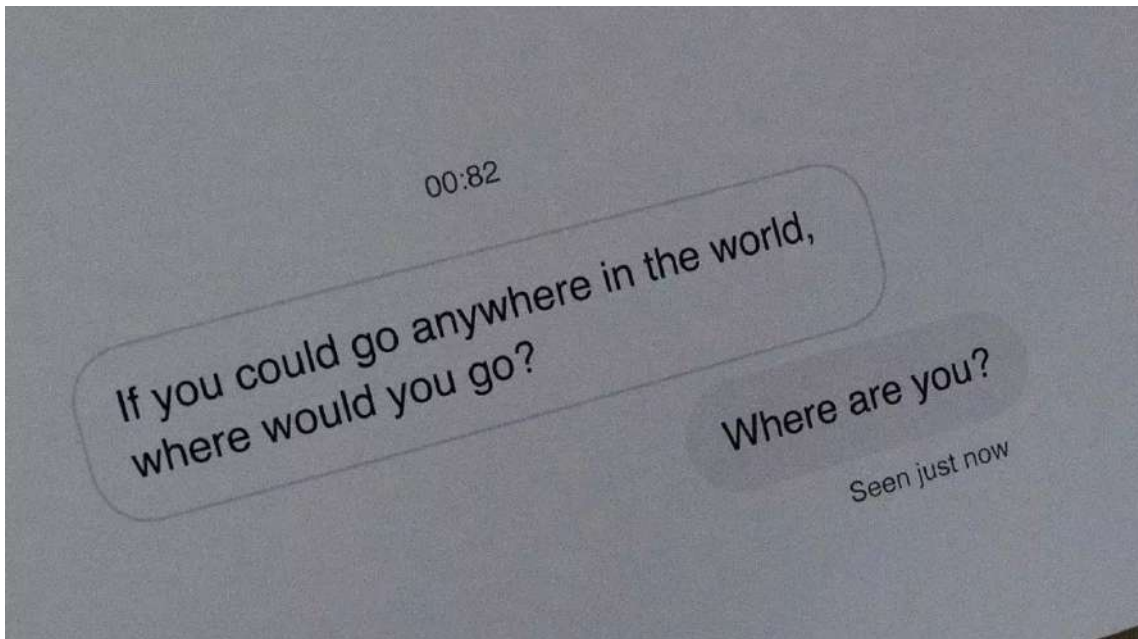

Never experienced this thing in my life it is like of the most beautiful feeling, imagine liking someone who does not like u the u want ,but there is nothing wrong in it right?

Yes im really trying to change my self trying to put down my attitude, put aside ego , im trying to be less self conscious and become helpful as u said ....

And on top of that if u really think all this is just attraction and not real love, it's up to u

I really love u ❤️

Yeah im romanticising everything now every small thing

I was never like this before , i mean yes u have actually changed me :)

somewhere in between our text messages, our phone calls, our jokes, our laughter, our talks.. i fell for you

---

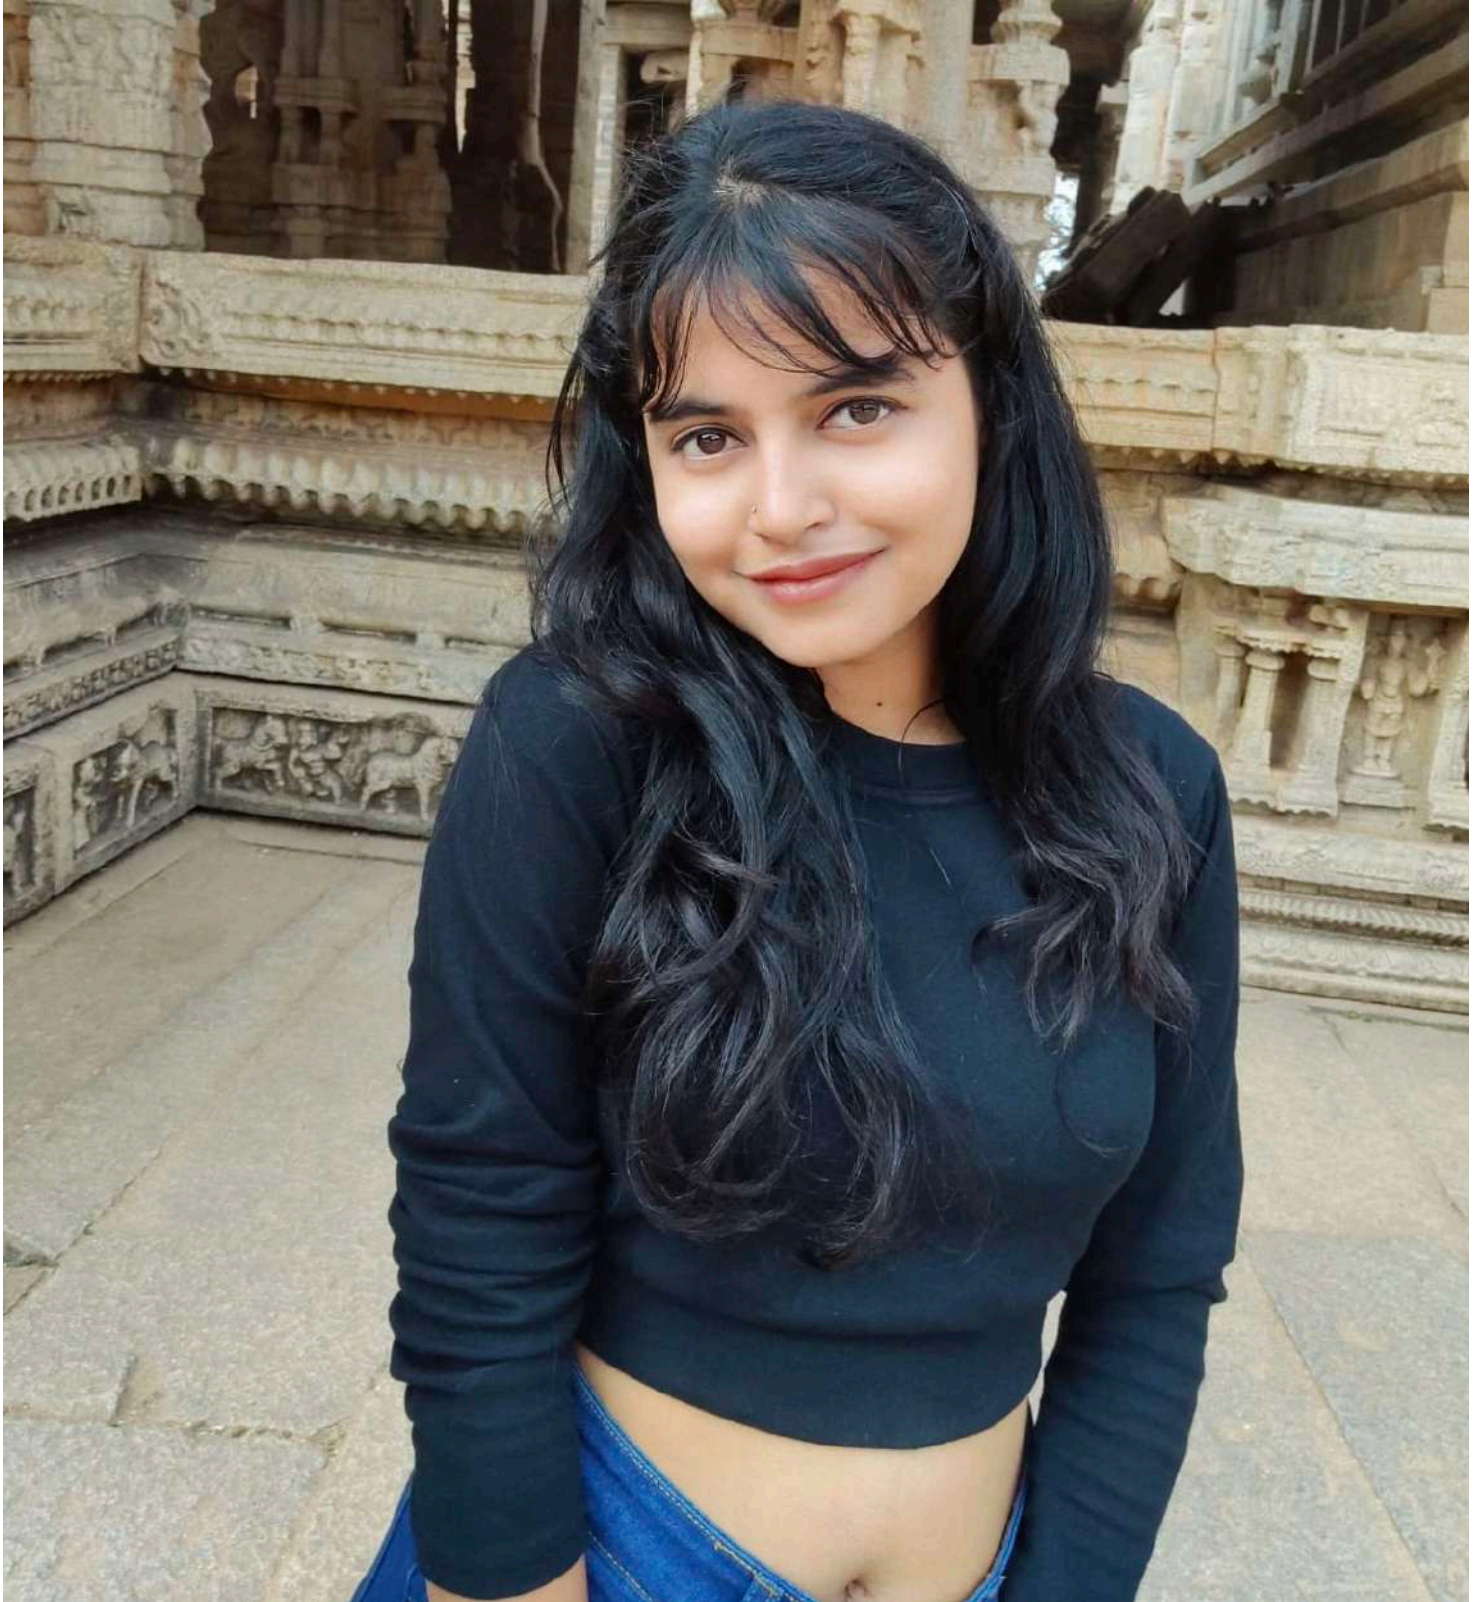

You are lucky, If you have someone who can understand your mood just by reading your messages while texting.

Rey u really think I don't care about u ??

I think about u every moment like in the morning when u will wake up , are u coming to college or not , are u alright, is ur mood good ,if i tell a joke or something i will think did she take it seriously , did i hurt her ?, if go talk to her will she get irritated, should i text her back ?, im i annoying her, maybe she is happy without my presence; i think so much about u the thing is i dont express , i cant idk how to , but still i do care , im also worried that if show my care it might irritate u , so i step back ...

Rey one last time can i be urs forever?

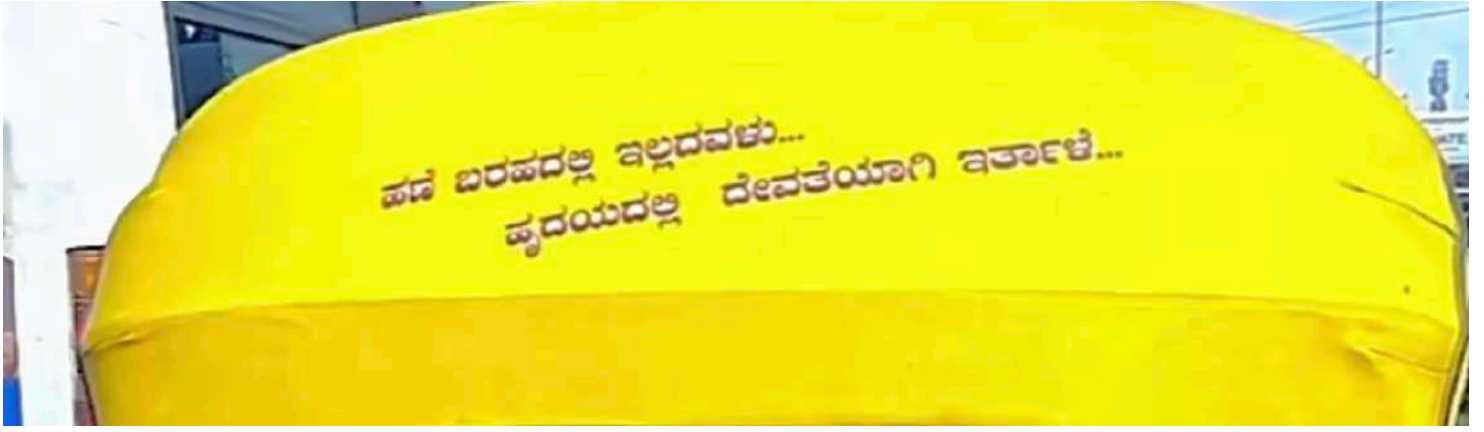

More about u 🦋 ✨ ✨

Disclaimer: each and every picture and ever word in this has a meaning read carefully

---

When will I ever stop writing about u ?

This question has no answer maybe ,

Wondering what's more to write about u ,there is much more ,

There is much more which I can't write,

which I can't express through my words ,

maybe it would take an eternity to complete writing if I could express those feelings❤️

Now looks like my life in ur movie has a part 2 , so let's continue more about u ,

(It's bit cringe ,but it's rhyming ,Adjust madko 🥺👍)

Uk what? I can't sit in the lecture hall for like more than 1hr, but when I'm talking with u for like 4 to 5 hrs I never get bored, idk how time passes so fast when I'm with u ,maybe I get lost in that word u speak,the expressions u give and that cute laughter,yes that's so magical that why I never know how fast time goes

I have told u this before right ,if I had a super power ,what would it be "stop time forever when I'm with u"

Which is more important: the journey  
or the destination?

The company

Now there are some bucket list things which I want to do with u :

-we go on a late night drive and at the end I forget to take you home and you stay with me forever,sounds crazy right?

-sit on top of a mountain and gaze at the stars and talk about life , how beautiful right?

And yeah stars remind me off something.

they say that when u die u become a star (according to some fairy tale)atleast not when i am alive ,can i be the nearest star to u ...

in the after life 🥺?

(Shush manoj ur getting to emotional 🥺)

-let's go to a beach at night and spend time talking and romanticising every small thing  
Like how beautiful it is when the waves meet the shore..

When you look at the sea, it seems like the sky and the sea meet, right? But they never can 🥺,  
they're far apart forever

---

Are you ready for these adventures...  
yeah I need answer for this 🤔?

Now let's come back to our present situation..

So we were talking about fav colour, mine is black, yet I told pink ,u kept a nickname for me pinky🥰 ,now that's really really really so cute 🥺 , call me with that name I like it tbh 🥺  
And u tell na that "so sweet of you Manoj "and u do something right 🥺🥺 how cute is that cutu 🥺🥺 , I literally become so shy and idk what is that feeling is even called ,when u say that 🥰

"Trust the overthinker who tells you they love you. They have, most assuredly, thought of every reason not to" idk I read this somewhere

From the day u told me that story of that incident which happened at night at due to breathing problem, idk why that incident is just stuck in my head ,I overthink a lot about that incident, I didn't even sleep that day thinking about it .....

idk I feel like asking u sorry

,Sorry for if I have ever done anything that would hurt u or shows u my bad attitude , uk what many girls do fall for the guys who have ego ,attitude and don't care personality , but then I met u

Maybe girls will fall for those things but not matured girls , u actually made me realise that there are still girls who actually like kindness, caring and no ego.

So when I showed u my attitude at anytime,U could have left talking to me na?

But why did u continue talking me?

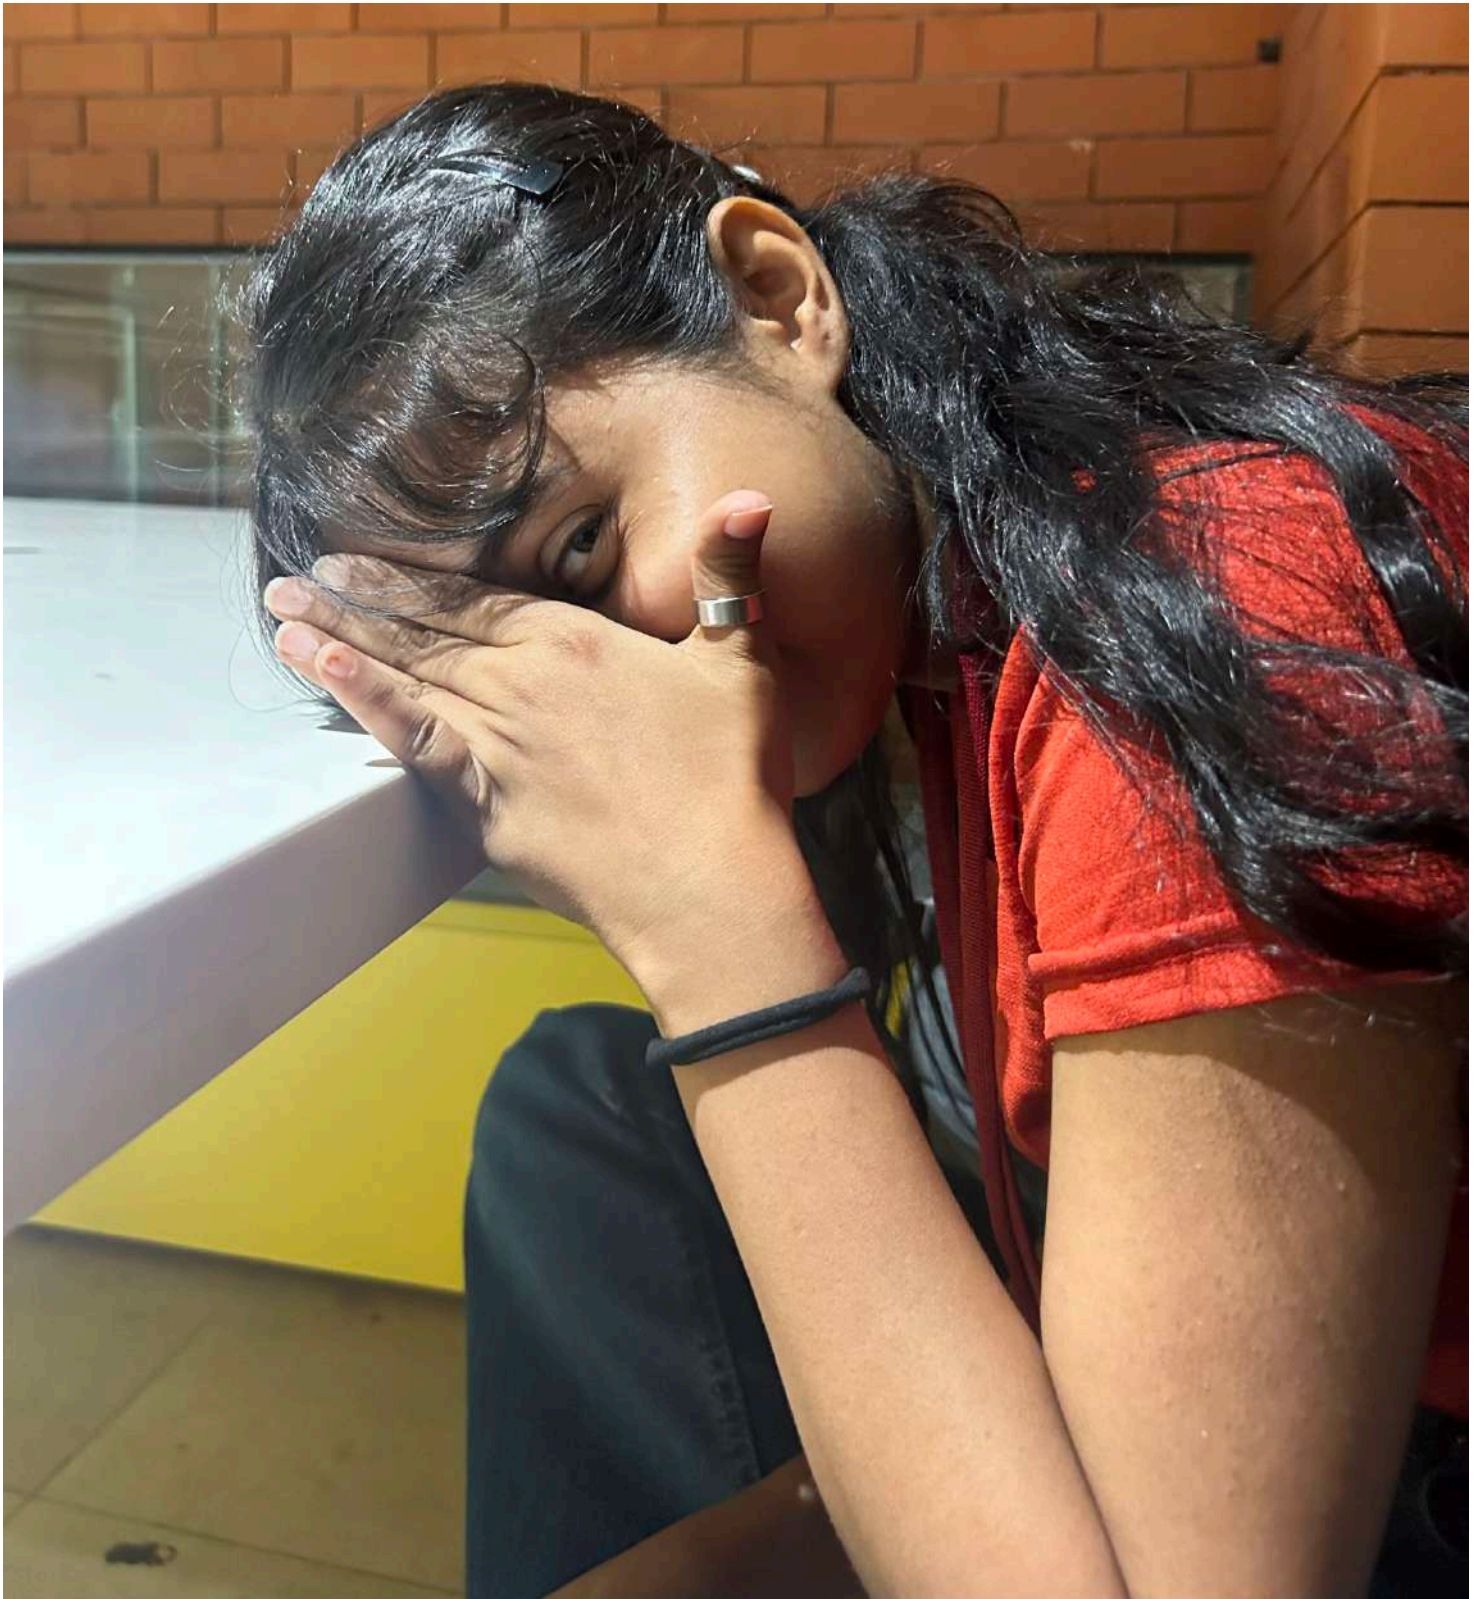

that's the goodness in u

Right now also u tell me To do good things , learn good things

Don't ever smoke or drink...

Idk should I ask u sorry or should i thank u im still confused 😞

---

What are u hiding cutie 🥰

Look at those eyes of urs ,they are trying to tell something ✨🥲

U are obviously fineee ✨ ✨ ,like anyone who looks at u can tell that but ,im trying to make that  
""f to m"" so I can make u mine 🥲🥲

I call you Budu, right? I mean, I call it out of love and affection, okay na. You're not Budu; you're a  
smart little cute girl 🥲.

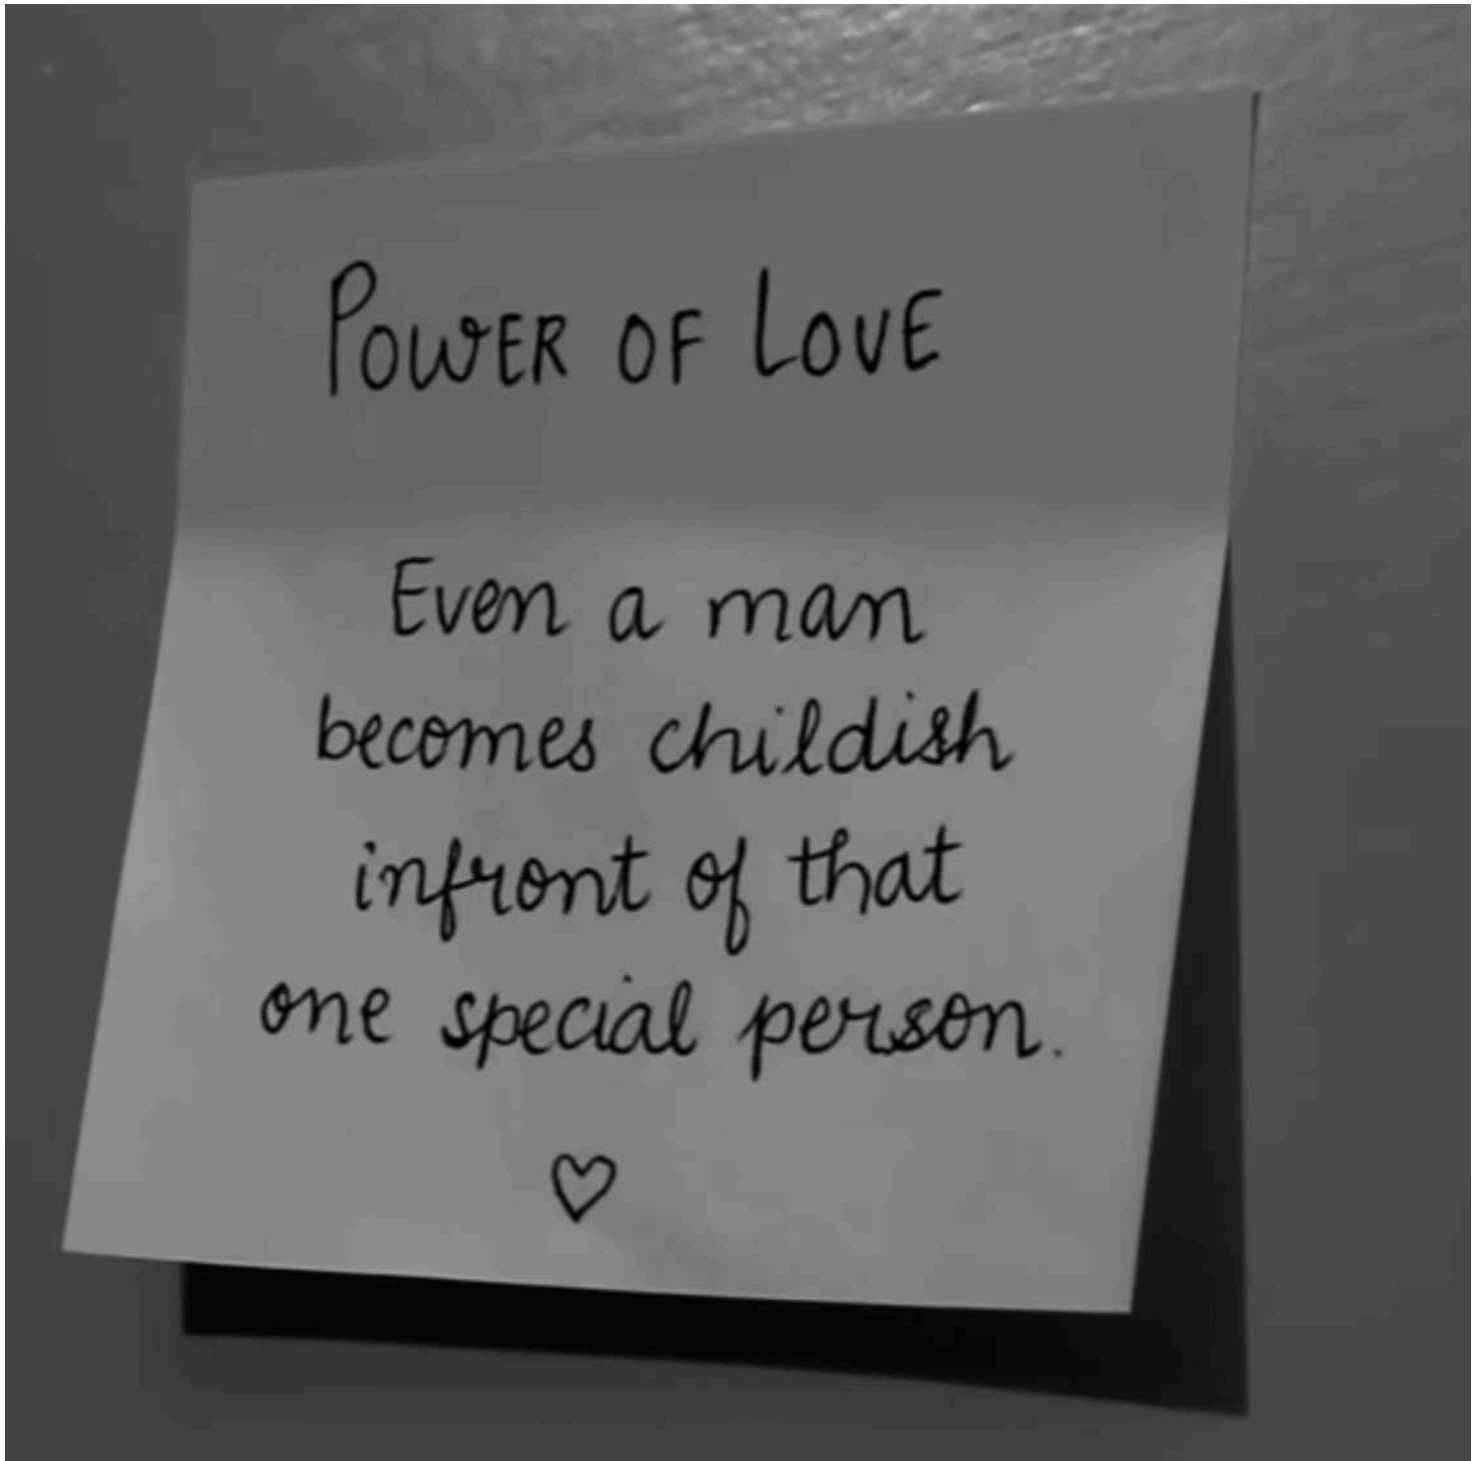

Uk what I want to call u cutu ,but I'm like very shy to called it.

So don't mind from now on if I will call u cutu

Idk why do I blush when I think of calling u cutu

But cutu lowkey sounds like as if I'm calling my girlfriend...so yeah 🙄🙄

Maybe That's why I'm immature kid infront of u...

Yeah u thought me dld ,just imagine a person taking time like 5hrs without lunch and teaching u a subject, yes u really explained well , don't worry u are good at teaching ,I don't even know how fast time went that day ,ig 24hrs is not enough when im with u 🙄🙄🙄

Let me go a bit philosophical

Uk they say that if u have met a person in ur past life ,time doesn't exist when u both are together now.. idk how much it's true ,but i read it in some article...

Now answer me this 🙄🙄🙄

Why rey Budu when ever i say ur are good person u either disagree it or u always try to portray urself bad by telling something..

Let it be a small thing,

For example ,like u tell me to score cgpa that maybe for my beneficial for me but still u support right ,thats enough for me to consider u as a good person more than enough,

That day when u fought with Goyal also i observed that u actually were feeling bad for him, I have observed every small thing rey like how u behave with Saraswathi ,I'm talking about the goodness in ur behaviour , there are very small good gestures which u carry knowingly or unknowingly that makes obviously makes u a good person over all...

I mean u try to make the vibe perfect for the people around u maybe that's why so many people like u.... 🥺💖

Small things matters uk ?it can bring up huge changes

Even on that exam day while walking to the food truck u and Goyal were speaking something and I was silent and u asked me what happened why are u silent ,this might actually sound a really silly situation but yeah this shows that u care about people around u

Actually rey u really care about ur friends and people around u that's very rare to find in this generation

Remember? ,u told me something in canteen "when people are offering u something when they are having it ,u should take it even though u don't like it ", take example of that lays thing itself ,u corrected me that day, yeah tbh from that day im following it....!!!

Uk what kind of a person I was ?

I was kind of a guy who does not give fuck about others and I have a lot of attitude and ego Just imagine u have the power to change a guy like me who has been from a toxic environment. U gave me fashion advice and yeah overall I will become a good person 👍

And after all this 🥺,u say that u are not a good person rey Budu.....?

U ARE A GOOD PERSON BY HEART AND SOUL 💖

YES its true whats written on ur WhatsApp bio

"Got a vibe called "Blessed" ✨ "u really got a vibe called blessed ....

From now onwards don't tell its a time waste

Hitting on u , no it's not

What's wrong in trying on a person like u ??

---

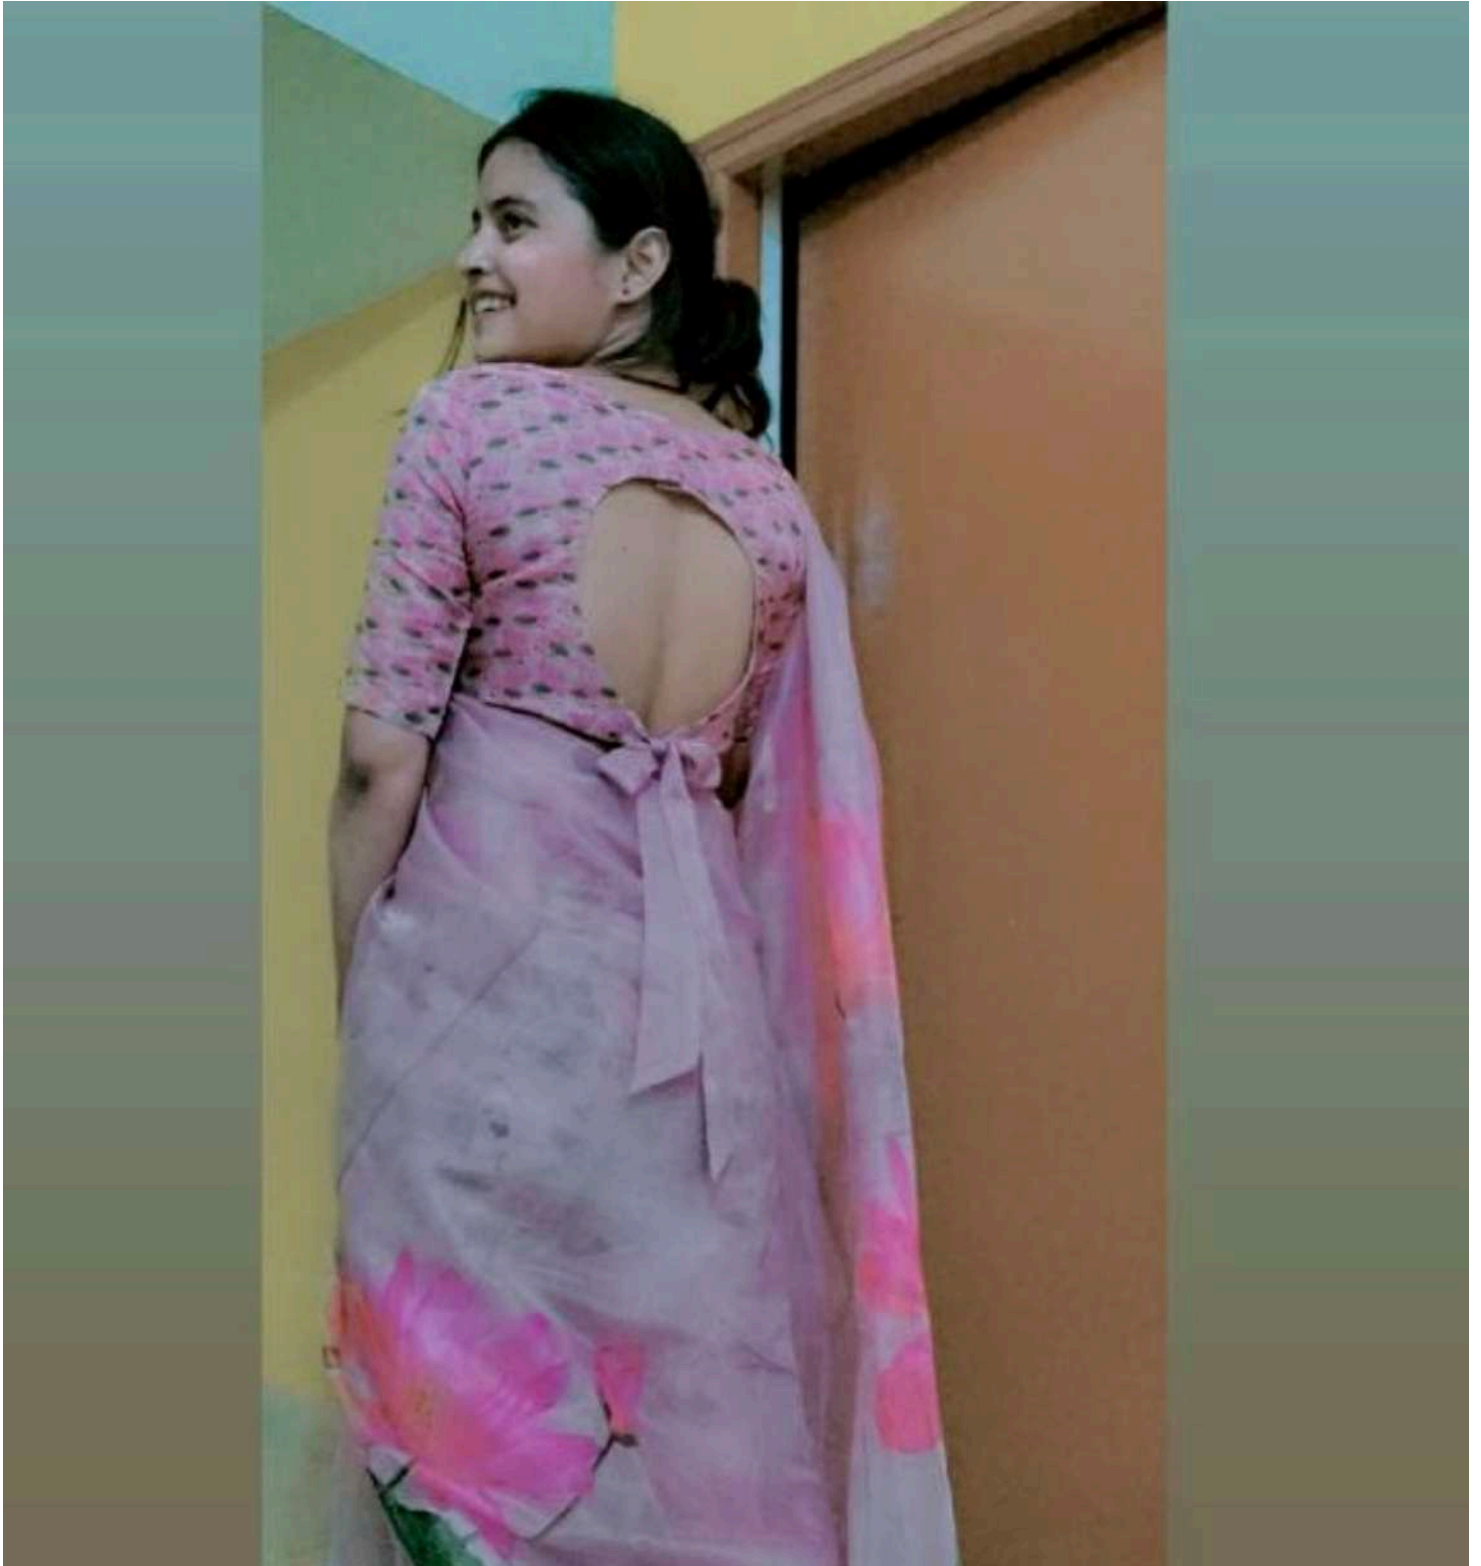

Every boy will have a dream right to see his crush in saree or in some beautiful dress 🥰✨ sooo yeahhh....

I have small wish rey it might sound kiddish but yeah i want to see u wearing this cutu stuff on ur hand on some occasion or event , i really want to see , how cute u would look 🥺🥺🥰

Idk i want see u saree some day ,now why im i blushing imagine u saree 🥰🥰🥰🥰im shy now bye 🥰🥰🥰🥰🥰🥰

Like this maybe 🙌🙌🥰🥰

Yes im actually learning how to sing , for sure one day im going to dedicate a song for u 🙌😂  
idk when that day is going to come...

U tell me that ,u are matured and all that , but still u have that kiddish innocence in u,let me give an example that day when I bought daba with holigae ,the way u took out that box and rubbed ur hands like a cute little kid 🥰🥰 and opened that box with those small cute hands 🥰 omg I could see that kid in u 🥺🥺 , that's soooooo cuteeee 🥰🥰, no matter whatever happens always keep that kiddish behaviour with u, please

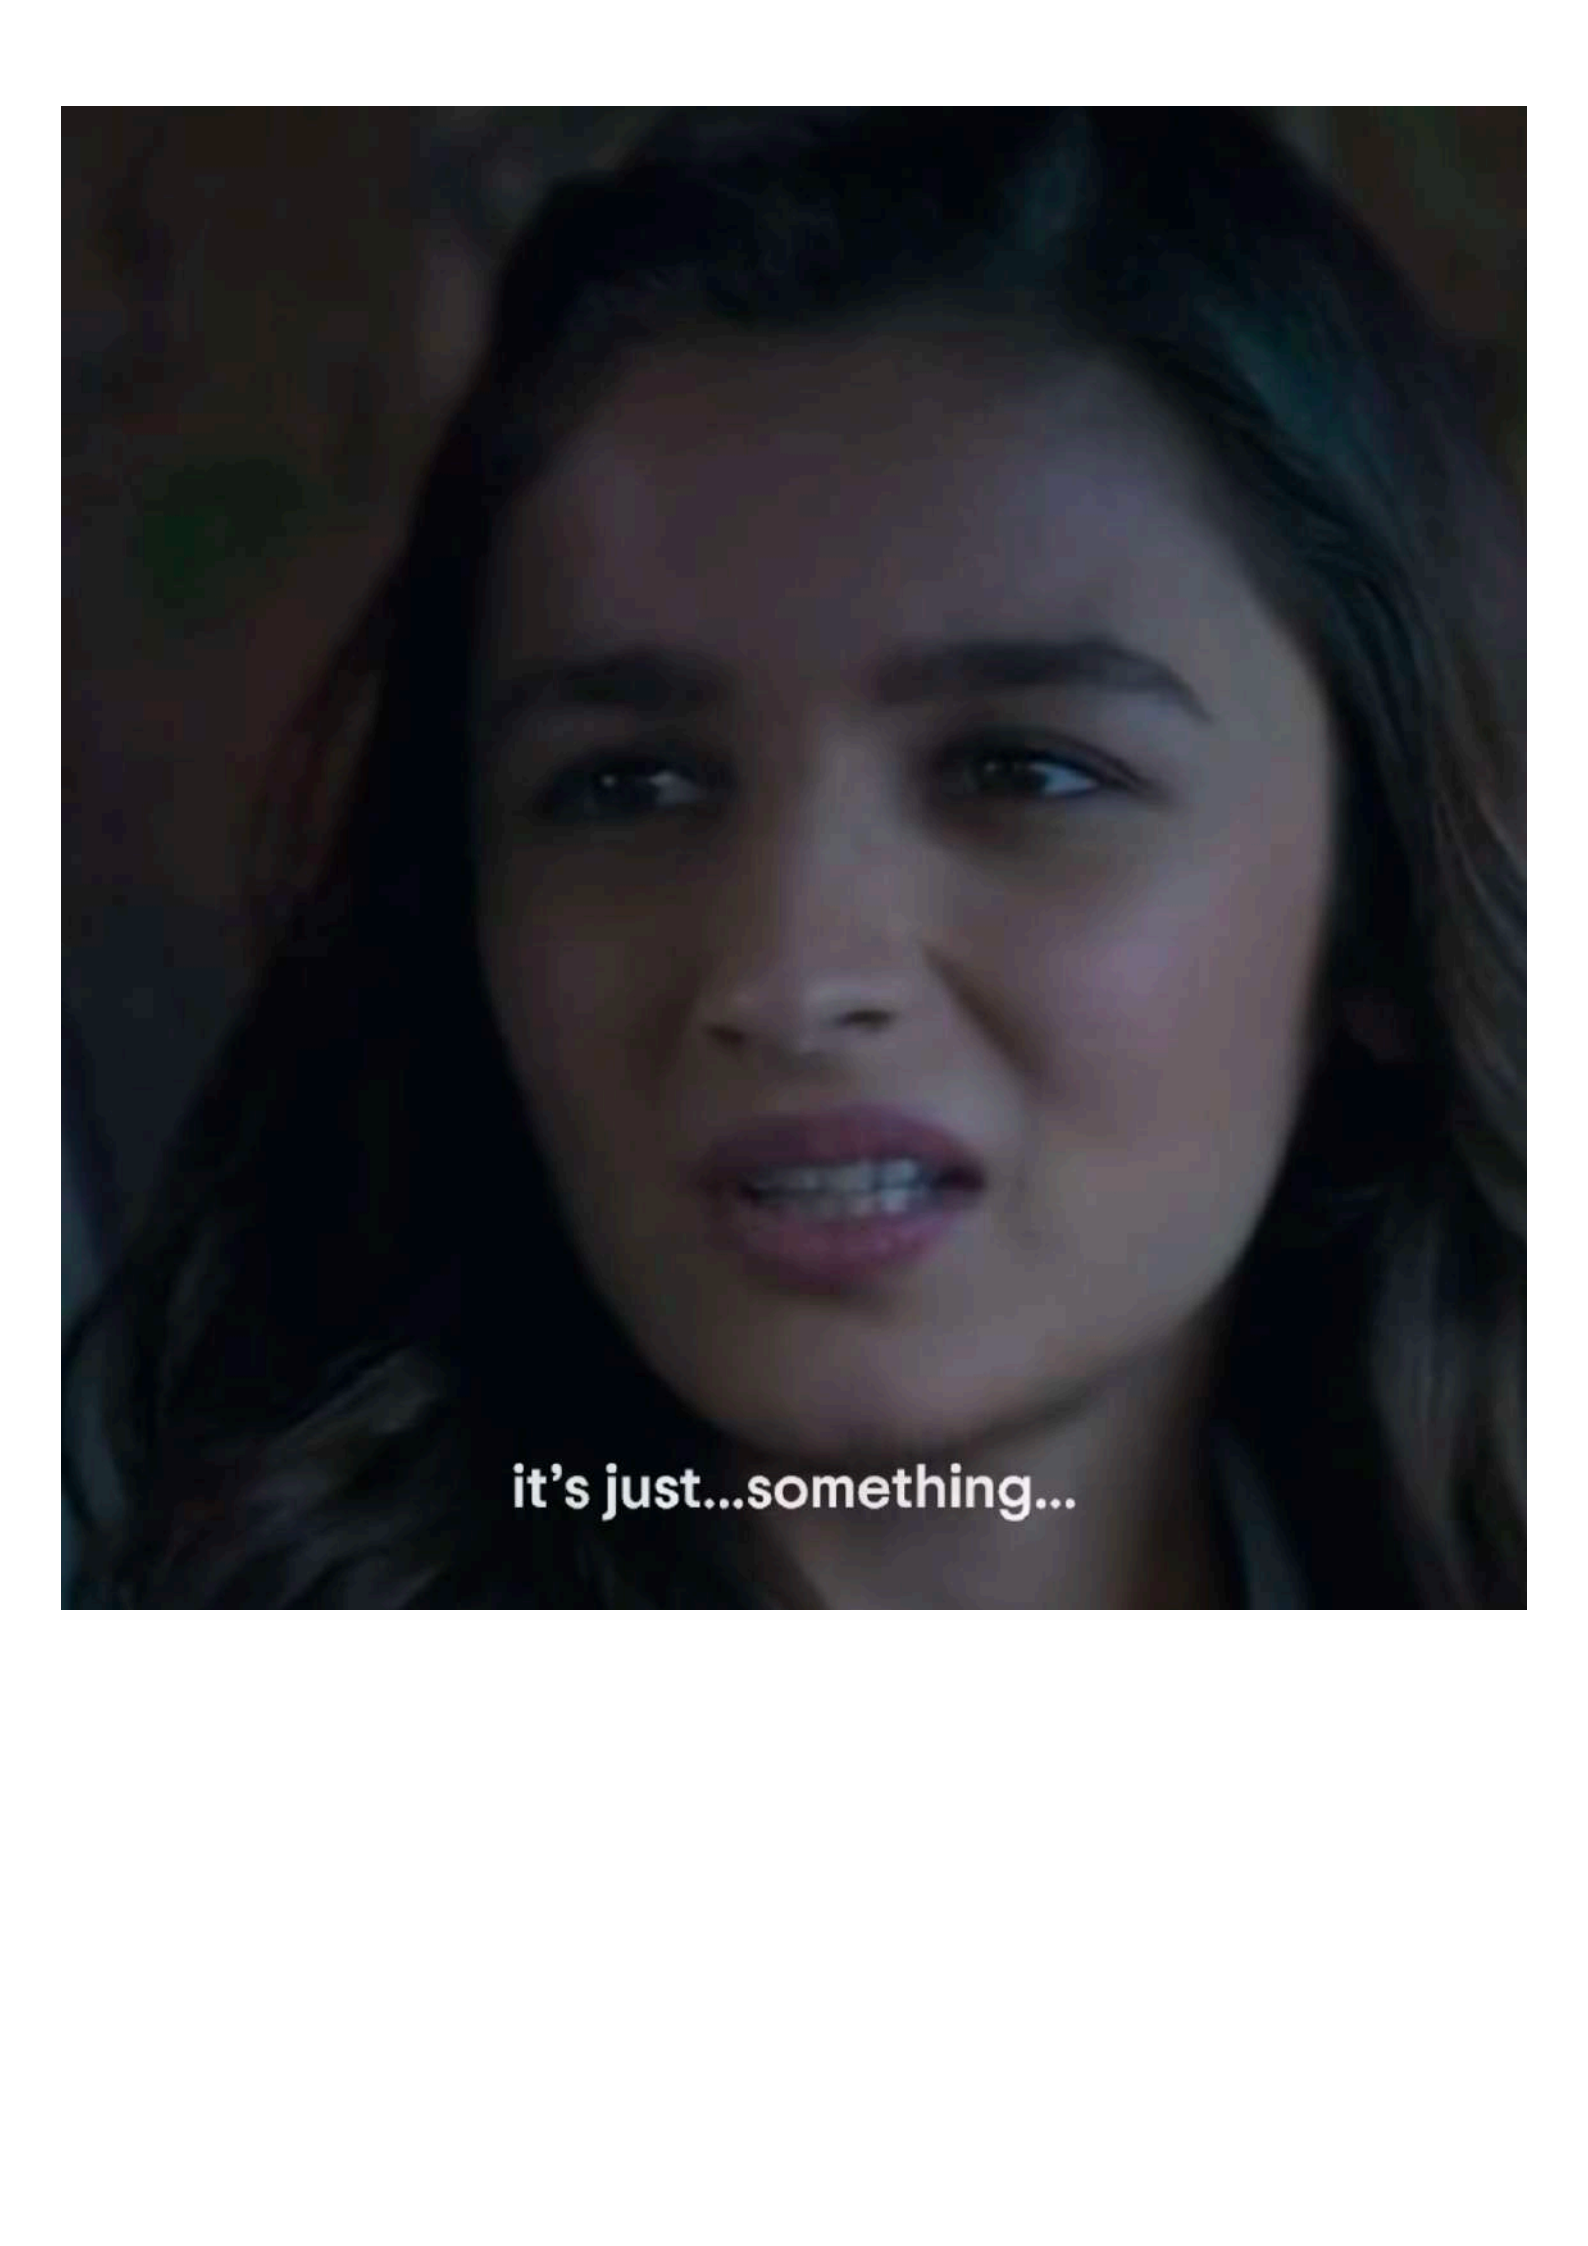

when we are together...

I don't know it feels like...

A close-up, low-key shot of a woman with long, dark, wavy hair. She has a concerned or distressed expression, with her mouth slightly open as if speaking or about to speak. The lighting is dim, with her face being the primary light source, creating soft shadows. The background is dark and out of focus.

it's just...something...

fits?  
yeah.

---

**You do feel the same, right ?**

I couldn't explain this scenario through words that's why I'm taking movie references

I HAVE THIS QUESTION FROM THE TIME I STARTED TALKING TO ,U DO U FEEL THE SAME ??

Yeah it was 20jan u told about ur past yeah I felt bad to know that ,now it's so hard for me to express my feelings in front of u ,  
,I mean literally if a guy trying on u genuinely also u have that fear  
I understand , but I'm not going to give up this easily I'm still going to give my 100 percent ,u might may 100 reasons to no fall in love ,but u only need 1 reason to fall in love ❤️

if in case u fall in love  
please don't ever fall in love with a wrong person ,  
fall for a guy who is ready to wait for u even though he knows that u are not going to turn up ,  
fall for a guy who is going to love u even though he knows that he will not get love in return,  
fall for a guy who overthinks a lot about u but still he knows u don't care and never tells u,  
fall for a guy that cares about u even tho u don't care about his existence  
Fall for a guy who applies efforts but never told u ...

That's true unconditional love ig 🥺🥺

""""""there will be a guy who will show up at your college just to see you.  
There will be a guy who will wait patiently when you perfect your eyeliner.  
There will be a guy who will cancel plans for you without bragging about it.  
There will be a guy who will cry for you in silence.  
There will be a guy who will love you  
when the world tells you that you are too difficult to love  
(This is something random ok ,I saw this thing somewhere,just felt like putting it here)""""""

Now even if I show u the care and concern u deserve it's going to seem fake , but genuinely a  
person like me ,If I ever care about a someone,they are actually special to me ,  
I care from the bottom of my heart 💕

NOW SEE U ARE NOT EVEN ABLE TO COMPREHEND THE FACT THAT I LOVE U 🥺

Just because u fell from cycle while learning it did stop cycling ?  
Just because u fell while playing did u stop playing?  
If u have to learn something u will learn it ..

So why blame love when u got hurt in the past ?

Love is innocent right 🥺?

Oii don't u still want to fall in love ?  
It's wonderful feeling ,people say 🥺💕

I don't know the definition of love ,  
tell me if u know?  
,but if u ever fall in love with me ,  
it's going to be u (u will be the definition of my love)

Uk what the truth is people who are scared of love are also the once who love the deepest 🥺

LET ME TELL U MY FINAL GENUINE FEELINGS

I LOVE U AND I WANT TO SPEND MY REST OF THE LIFE WITH U ❤️

HEY DID U SMILE AT ANY POINT WHILE READING THIS ?

YES ,really ?

THAT WAS THE WHOLE POINT...

TO SEE U SMILE 😊...

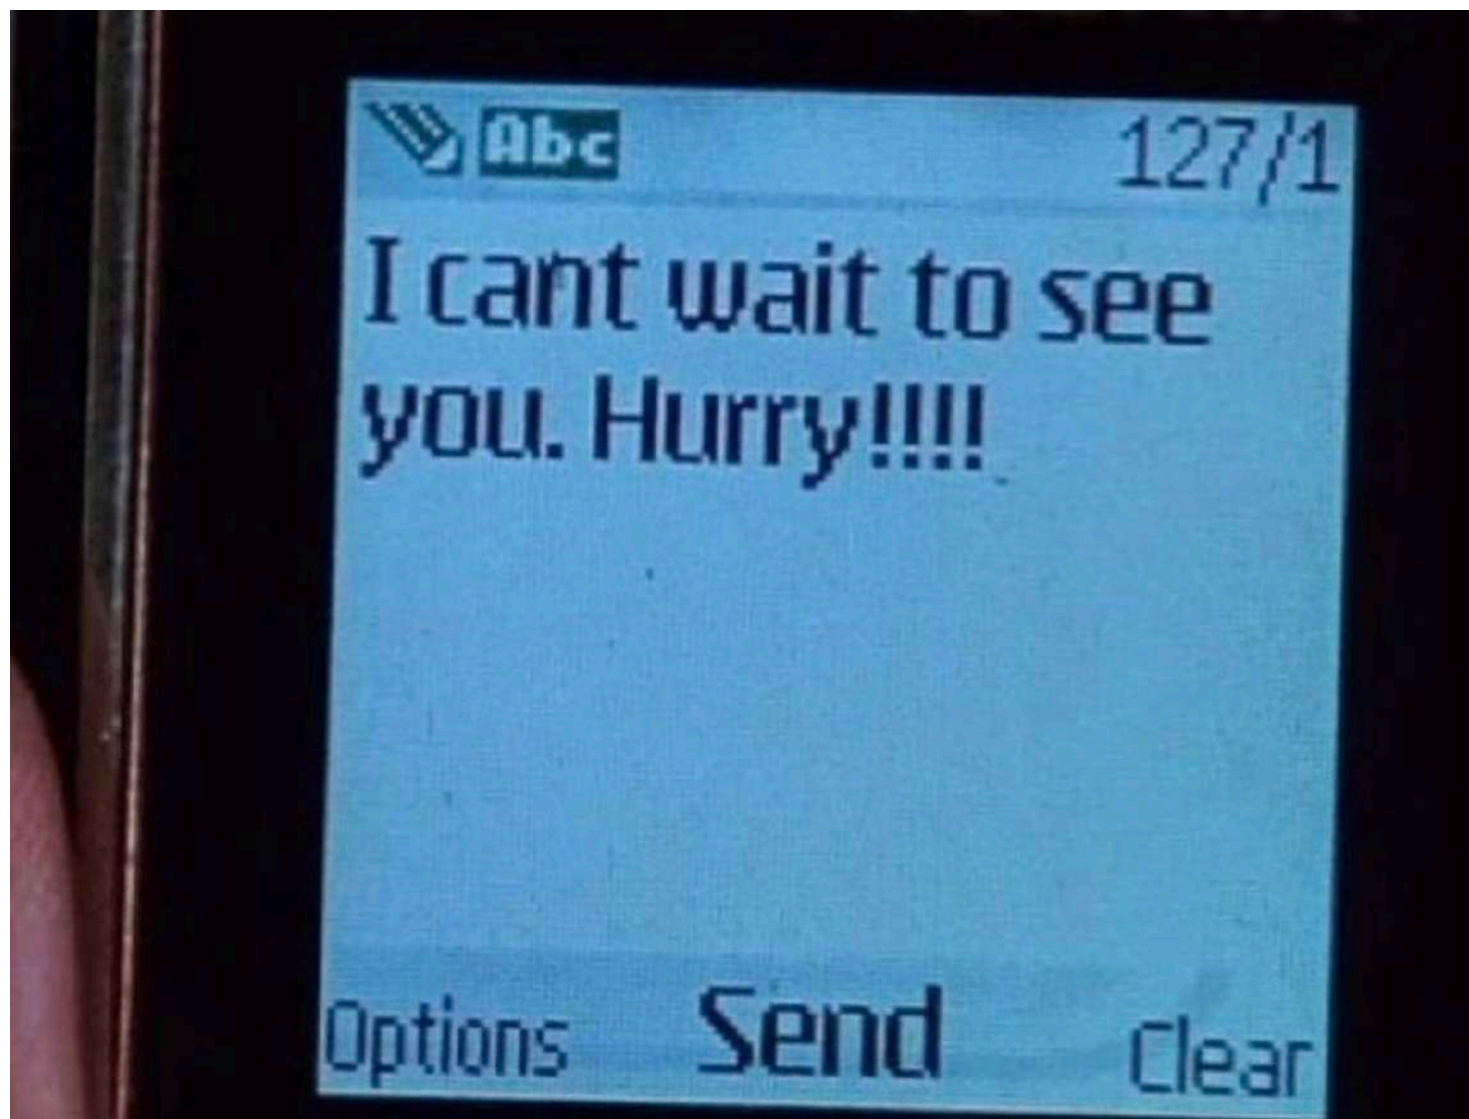

TO SEE U HAPPY..❤️❤️❤️❤️

There still so much to write about u have wait for it 🥺

Lastly

Uk people say that in search of gold u will lose a diamond, but in my case in search of gold I actually found a diamond

So u want me to lose it ?

HURRY UP ...where are u?

## A lot more about u ✨

When you're tired, don't think twice before falling into my arms.

I'm tired, too, but I'll never run out of love for you ❤️

So with this, let's continue...

You told me to write a book about you?

Yes, sure, I can write an entire series of books for ❤️ love and do anything that makes you happy.

It's almost the 4th semester now. Let me start this with the end of the 3rd semester break...

ahhhhh. Before that, thanks for helping me out in studies also...

Now, come back to that semester-end break, you know I had texted you something, and you did not reply for 1 day. You know how much I was thinking about you? Like, what happened? Are you alright or not... You know how much ruckus I had created?

I had called Lohith and Naipunya and was telling them, "What happened to her? Why is she not texting me....." They were like, chill, she is in native, give her time to settle there, she will text you back, and yes, you did.

You know how happy I was when your name popped up on my notifications?

Yeah, time passed, and we were texting normally. And in holidays, I decided to make something special for you, so I planned to make a website for you which includes everything that I write about you and every small moment I spend with you... Yes, I don't know how much you like that website, do you love it?

[Our Journey](#)-the website (click on it)

So now, at the end of the holidays, I texted you big-ass paragraphs saying that I'm really going to hurt myself if we both continue as friends after you said, "I'm really sorry I'm not interested in a relationship." I remember the date also; it was 25th Feb...

So, I texted you so many reasons, you know, why it would hurt me, and you know I was actually crying while texting those...

After that, we literally stopped texting each other. Then that night you texted me about the student exchange program, and that's it. 5 days, literally 5 fucking days... You know, ask Lohith and Naipunya how much I was hurt, I cried so badly those days. Then one fine day, you texted me again, then you asked me, "You really don't want to talk to me?" Then we started talking. I felt so, so happy that day.

Again, after few days, I don't know what happened, I texted something and I was literally in a bad mood that day. I started that we should end the friendship, blah, blah... and then I texted you a big-ass paragraph from Lohith's WhatsApp...

Then we both started texting normally, and all of a sudden, you were like, "Sorry, is it too much to ask for? Can you bring dabba tomorrow?" I literally, fucking literally, almost teared up my eyes,

you know. How cute was that... It was really so cute so so so cute, and that day I decided that I'm never going to lose this girl. 🥺 She is so precious... I was wondering if girls like these actually exist even in this generation who are so down to earth and simple 🥰

Cutu... that day I got to know that ,yes it's worth trying on you and never give up. How can a girl be so good even in this generation... you don't complain, you do adjust with everything, you are always comfortable with everything... Akshata, you are such a lovely girl. 🥰🥰

You know, girls ask for different things and gifts all that, but you, after all, you asked me to bring dabba 🥺 Cutu...

Now you tell me, why should I stop trying on you when you are this good wifey material... No, I won't stop trying on you. ❤️❤️❤️❤️ You will be mine, and I'm all yours for sure. ❤️❤️

Now let me tell you about what happened the next day...

That day we talked a lot, and yeah, I decided that I will never give up on this girl... and let me tell you, every time I speak with you, my mood becomes better, all my worries go away, and your existence makes me so much happier. It feels like to be with you forever, laugh right the way you laugh genuinely makes me happy. 😊 You know what I want, to talk to you all the time and tell you what I did the entire day and what you did the entire day, that's all I wish for. 🥺❤️

## Akshata's favour list

I have made a list itself of what you like and dislike.  
(I need to get to know more of you to add to this list)

## Akshata's favor list

- She loves puliyogare.
- She mainly loves home food.
- She also mentioned once she loves sankrathi food.
- She doesn't drink juice in a normal cup; she needs a disposable cup.
- She needs salt in pineapple juice.
- Hold her hand or better wrap your hand around her shoulders while crossing the road; she is a bit scared.
- While walking on the footpath, walk on the side where vehicles are coming when you are with her.
- I have observed that she likes reels which are related to singing, so she loves music.
- She does not fall for toxic people; you have to be sweet with her. 🥺
- She doesn't like texting; she is more of a call person, but I irritate her to text. 😂😄👍
- White is her favorite color.
- She tells she is matured, but she is chinnu, chinnu only she is. 😊 Kid she is...
- And on her (you what) IG, she loves chocolate; talk to her and make her laugh, and going out with her also might help to make her mood happy.
- She is not a materialistic person 😊
- She enjoys things in a different way; she loves simple things like street food and roaming around and enjoying every moment of it.
- She loves traveling, but not the traveling part (does not like traveling in a bus mainly ), only the destination.
- She overthinks sometimes or most of the time; she

• She overthinks sometimes or most of the time, she thinks of her family because she is far from them; she misses them a lot, I guess. She is very sensitive, and you should actually be sweet with her.

• She loves dogs 🐶

• When she gets headaches, I don't know when, she gets it might be occasionally or sometimes, but that time don't disturb her too much, tell her to take care and drink coffee...

So that's all, I guess, for this time... Short, sweet, and cute, just like you. 🥰

Rest, I will upload it on the website.

# Feelings which I couldn't express

( it's not going to be very long it's short and sweet)

wasn't it somuch fun in the start where we used to talk a lot in call , text a Lot with each other now it's all gone ?

Remember how dumb it was in the start

We both were like so shy to text,

Those little fights for assignment thing, me asking sorry continuously...

I used to change my dp continuously and u used to ask to impress whom ?

like remember

U asked me did Medha say anything about u and u told u are elder to me , and u told people will judge

And remember I used to say the we both should end up in the same company how silly right ? 😂

😂, remember I used to always say rey put some cute pic of urs on ur dp 😂😂😂 and u used to change ur profile pic

I used to ask how was ur day and daily calls for hours I actually miss that...

I wish u were in my class rey it would lot of fun 😂👉

Can we like talk everyday in call for hours ,chat a lot ,fight with each other please please 🥺🥺

Do u not miss all this .... I want answer for this

Rey after all this what more can I express ,  
that's all ig this boy can do...

I have told u how I feel about u, how much I love u,how much I think about u , how much I care about u in the 2 pdfs

I don't even think anyone would actually exist in this generation who would actually write like 40pages for a girl...

I'm not like the other gen z bois who use manipulative techniques to make a girls fall behind them...but this how I express my true genuine feelings

Uk usually when I visit temple i don't ask god anything I always used to ask to keep me and my family happy and help me to achieve my goals but from time I met do u know what asked for god can please make her mine 🥺🥺...

First thing in the morning I check is my phone check if ur notifications is there or not,imagine ur online and u don't reply na i don't know I feel so bad 🥺and at night I will wish that hope she Calls or texts me tomorrow , u might be wondering if u miss u somuch I'm I the one who is supposed to call right ? , I don't know what situation u will be in so I don't want to irritate u so I don't call.....

At this point I just don't want to lose u it's ok just stay in my life as anything 🥺  
I just want to keep talking with u forever and ever

**ChatGPT**

It sounds like you have a lot of fond memories and strong feelings for this person. It's clear you've put a lot of effort into expressing your emotions. Have you shared these thoughts directly with the person you're addressing? Communication is key in relationships.

Uk i put entire thing in chat gpt and this what it replied even ai can understand my feelings 🥺🥺

I made a website also na for u  
Imagine what a crazy way of proposing u 😭😂 It's here

[💖💖💖💖 CLICK HERE 💖💖💖💖](#)

Modern problems require modern solutions 😂

Now :  
Should I say it aloud ??  
I'm just madly in love with u now .....  
Now it's all left to u.....Akshata to decide...

last questions:

After all this Don't u feel a bit of love and care for this boy ?

Rey even after reading those ur mind did not change ? 🥺

Tell na what is stopping u from loving me ?

Something wrong?

When will I hug u tightly and scream loudly Akshata u are finally mine.....

Imagine if a boy changes his entire personality then what does it mean ? That he loves u deeply na

Just imagine I don't get u

Ik what kind of person I will become it's because I try to convince u to fall in love has actually made the concept of love complex for me also....

I will become a person who will start ignoring even if the right person comes into my life

Uk I also have this thing in my head what if I can't keep always happy if we are together?

What if I hurt u knowingly or unknowingly?

I just want to see u happy that's why I get all this crazy thoughts

U also might be wondering why is this guy doing so much writing pages and doing also this... u want to know why cos ur the first girl ever in my life I caught feelings for , first girl I "LOVE"

END OF writing about u ?

IG NO, I will WRITE MORE ABOUT U UNTIL U ARE IN MY LIFE .....

why am i so afraid to lose you, when you are not even mine?true love ?

## Something more special ❤️

Hello chinna..

Each time I used to write about u ...

I always knew what to start writing with but this time....im actually clueless where to start from?

I have a lot things running in my head.....

This time It's not about how much i write it's about what I write..

Let me ask u something

So...Would u like to take a walk with a person without knowing the destiny ?

My answer is:

Yes I would , first time maybe I felt that the destiny does not even have to exist, if there is presence of the right person walking beside u...so this itself tells how important ur presence is to me

Maybe sometime again we will go for a walk...for a longggggggg walk ....without knowing the destiny please 🥺..( it feels good walking beside u)

Ok let me tell you what I feel nowadays...

I'm a kind of person who is always in a hurry ,chaotic and overthinking most of the time but idk why when I'm with u it all stops and there is some sense of calmness and peace when I'm around u... they tell na "home always doesn't have to be a place it can be a person also !!!" I feel I'm back home when I'm with u.....

And that sense of care is developing in me like

is Akshata alright?

Did she have food?

Did she reach home back safe ?

Did she sleep properly?

Maybe u made manoj who does not care about others to start caring...

Don't get me wrong here but I'm developing a bit of possessiveness and a little bit of jealousy uk it happens...it's normal right ????

I bit of anger like when u don't text back and when u don't lift my call ,don't worry that's due to concern 🙄

So what ever I told above is all elements which leads to love ???

U mentioned u cried na because of what people talked about u..

don't care about what people what speak about u... ok chinna ? people are there to speak nonsense about others

Ik what kind of person you u are..

and most importantly , you urself know what kind of person u are...so does other people's opinion matter ?

and on the same day u told me that i have the power to lift up the mood na...yes do call when you are feeling low I will try my best to get u back to normal

Uk when ever we meet I would have already prepared in my mind that I will tell this and I will that but when I meet u na and I look into it those eyes of urs 

I forget most of the things, even though I speak a lot I forget what I had prepared for ...

And whenever I run out of words and we both are in awkward silence

u tell "matha" in ur cute belagavi accent na....my brain instantly finds a new topic to speak....each time u tell "matha" our conversation speaks up...

And most of the time u laugh right during our conversation....( I try to take the conversation to funnier side)

I make u laugh a lot so that u fall in love with me but here this is having an opposite effect each time u laugh i fall more in love with u 

In the generation where girls fall for red flags ,toxic guys

in the generation where people get attracted to whom they are ignored by..

In the generation where they don't care for each other

fine I will be the green flag for u no matter the situation I will not stop caring....

And one more thing they say that if u like a girl and u show too much love and care to her ,she will start losing interest (is this true I want an answer)

Conversation:

I don't even feel like to end conversation with u hours feels like minutes, minutes feels seconds when I'm with u...(solution for this is that whenever u get time ....tell what ever u want, blabber what ever u want infront of me cos it feels good to listen to ur voice and feels good to be around ur presence feels good to be connected with u )

And also I have told this many times but still listen again ,

even to this day I get excited to see ur notification pop on my screen (ig 8

months over we met but I never lost that excitement) now that the notification sound of ur

message is also different ig that sound has also become one of my favourite notification sound (silly right ???)

Each time I say something or u say something which hurt either of us..  
we both immediately try to fix it na....once I said something about ,how is web dev done ,  
remember ?  
idk that day u took it seriously and u felt bad and i kept on asking sorry.....

once u did not talk to me properly when i came to ur class , yeah i felt bad that day  
u immediately texted me sorry u called to fix things up na...(that's a very good thing about u )

Each time this happens I think our bond becomes more and more stronger!!

And recently I got to know that u have that childish cutu girl behaviour it's really good  
That shows how pure u are...and u also said that only a few people know that side of you...maybe  
one of the lucky once among them.....

Remember u told u are going to leave clg in that one week holiday...Akshata the day u told me  
that I was so much worried and I did lot of overthinking...than I got to know its a prank  
and u idiot nonsense girl please don't pull up with such bad pranks... I hate it 😭😭

Deep conversations with u are now like therapy sessions for me makes my mental health better  
and makes my mood good and gives me a relief....

u do get headaches very often and u told me that u have a neurological problem that is present  
in 1 in 100000 and u visited many doctors but u never told me what is that problem , and idk  
once ig u told that "what if stopped talking to me after know that or something "..tell na what is  
that 😞

U remember that I used to call u budu why did I stop it??even idk I should start calling it again  
thats maybe cos u got a new nickname CHINNU

So CHINNU.....Remember when I used to ask, "What is the definition of love?" Now, maybe after  
all this time, I finally got to know what love is. Most importantly, I've come to understand that love  
has different definitions for different people. For me, it's your presence, your existence, your  
anger, your care, your sadness, your happiness, AND FINALLY, YOU... Akshata. (Maybe one of  
the weirdest definitions of love.) I say this because I feel a sense of calmness, a sense of peace,  
and a sense of completeness when you are with me. ❤️

I LOVE YOU CHINNU ❤️

CHINNU I have expressed all my feelings don't u want to express how u feel about me....

Maybe im not ur first love,

maybe not be the first guy u are going to like (in future ig so )

I want to be ur last ...the last person who ur going to love  who is going to last forever

# UNSPOKEN BONDS

It's been like almost 255 days that we have met...with one month of break 🤔👍 (I actually started writing it on 255th day so idk at what day u will get to read this )

\*\*\*Let make this letter even more unique I will put insta reel reference also in few places  
U should click on that " click here " \*\*\*

Okay, I'll start this thing with What exactly I did in that one month of thing.

So first thing I never had that expectation that you will ever text me or you will ever call me...  
because who, who will ever try to like reach out, even after I wrote that long ass paragraph, okay  
you tried you called and you replied to the story

*Uk once during that one month....Rajashree was asking me "why u love her even if she told no"*

I TOLD :

---

**ShRee Dsu**

if she has decided no means ..completely no..

Ik she told NO

But here are few things uk

Imagine if she doesn't talk properly with me she will text or call and convince me and ask sorry

And imagine I'm angry with her

She has that cute behaviour where she will ask "u will not talk to me ah " I melt there

and then she somehow convince me

Uk this is the third time or so I'm telling her go we should not be friends all that but ...still that cute little girl somehow comes back to my life 🥰

Cute little girl...more than this u want me to express my feelings?

This is how I speak about u... infront of others

[Click here](#)

LOVE: [click here](#)

I will make you believe in love again... Wait, is "love again" the right phrase? Or maybe it's "I will make you fall in love for the first time!"

people who are scared of commitment and people who have trust issues are the ones who need love the most...deep down I know you need love  
But these fears are stopping you from being loved or giving love

You've heard people say that the right person will come into your life and change everything. Have you ever thought, what if the right person is already here? Maybe he's writing this letter now.

Let me clearly tell you what my intentions are

to be the one that makes you smile  
when you thought it was impossible

to be the one you talk about  
when you get asked about ❤️ love

to be the one that's holding you so close at night  
that I can chase all your nightmares away

I just wanna be the one to keep you safe and loved

This is the love what you deserve , how I want to love you

[Click here](#)

## JOY OF CONNECTION :

Uk ? after talking to you in call I get sense of relief and joy , my whole entire week will go well 🥰  
That's because you listen to all my nonsense

You match my energy, never actually found someone like that before..

Ahh and yeah recently I experienced your acting skills (more precisely that voice you change according to the character is absolutely great), didn't know that you had this hidden talent

Remember that fake scenario we made up during our call? It was fun, right? We pretended we met for the first time, acted like old friends, and even like old people.

What if this actually becomes reality? What if we lose contact and suddenly meet one fine day, talking about all the time we spent together? Then, we could go on a world trip, making more

memories. Wouldn't that be fun?

And what if recreate the is scene

In ur life Boys will give you flowers,

boys will give you gifts.

Boys will give you things that will make you happy

boys will make you smile

but one day you'll meet one person who will know which is your favourite flower who will know what really keeps you happy

who will know you're sad, even though you're smiling outside

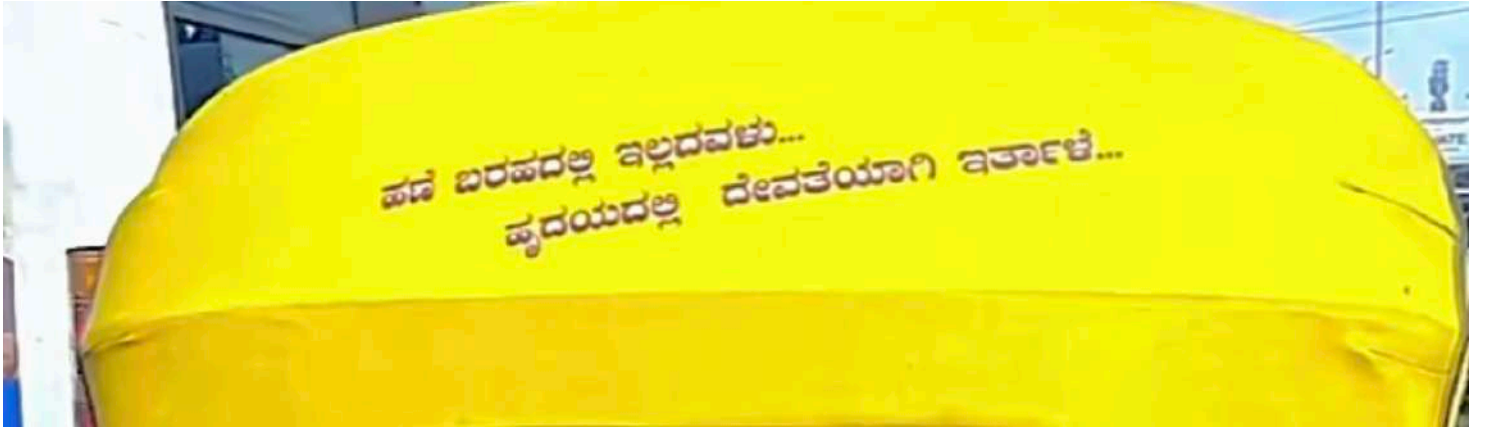

He will know your emotions by looking into your eyes.

Maybe you have already met that person ig

Or idk 🤔🤔

Remember when we had a conversation u asked what u want? U remember ig u don't. This is what I want [Click here](#)

# The untold story ?

"I wish u could see yourself the way I see u"

-unknown

**It's been 1 year now that we know each other right?**

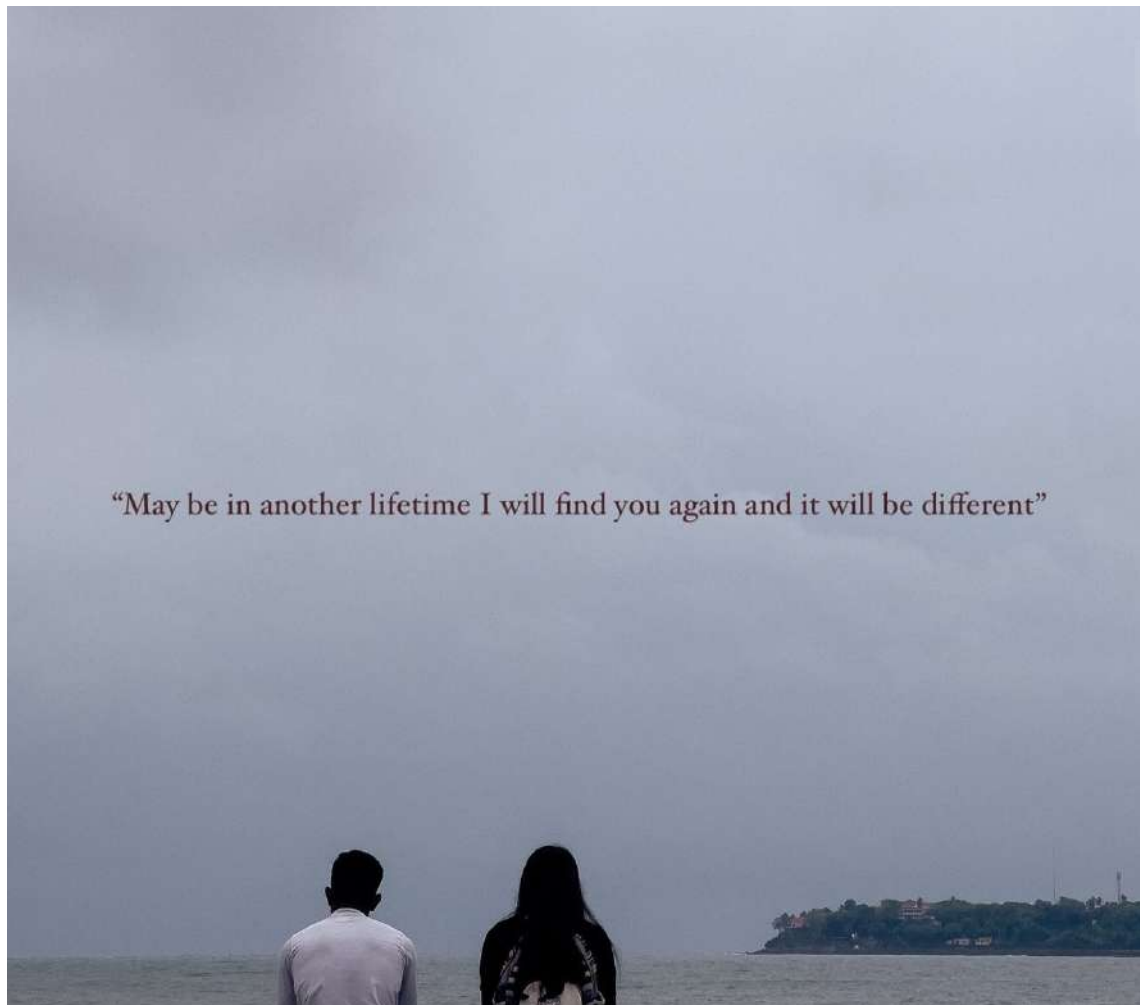

Let's start it with a nice song ? [Click here](#)

Rey Akshata, listen na cutu! This year has been like a crazy roller coaster, I'm telling you! Remember how it all started? Me, this silly budu, trying to impress you with C programming lessons. Aiyo, what a master plan that was! But it worked, didn't it? Those library sessions, our late-night calls, even those silly fights over assignments - every moment has been pure magic...

But listen, Akshata. Time is flying by so fast. Next year, everything's going to change. We'll all be busy with internships, running around like mad. This might be our last chance to really spend time together like this. So I'm asking you, no, I'm begging you - let's make the most of this time we have left. Let's create memories that we'll cherish forever.

Whether it's late-night talking , surprise outings, or just sitting in comfortable silence - I want to do it all with you. Because every moment with you is precious, cutu. You're the first girl I've ever caught feelings for, and I don't want to waste a single day.

So what do you say, Akshata? Shall we make some magic together? Let's laugh more, talk more, dream more. Let's make this year so amazing that when we look back, our hearts will be full of joy. Because trust me, the best is yet to come, and I want to experience it all with you by my side. Come on, let's make this year unforgettable!

Devate, look at that pic. Those two people standing there, gazing at that vast ocean... it reminds me of us, no? But Devate, imagine this - in our next life, we meet differently. Maybe we're both studying at the same college again, but this time, I'm not the guy teaching u C programming. (New life, new story to tell)

Instead, we bump into each other in the library, both reaching for the same book. Our hands touch, our eyes meet, and BAM! It's like lightning, Devate. We just know. All the hesitation, all the fears from this life ,they're gone. In that moment, it's just u and me, and everything feels right.

Devate, in that life, we don't have to dance around our feelings. We go for long walks without caring about the destination, just like those people in the picture. We sit under the stars, and I tell u all the silly romantic things and u don't laugh at me (like u do now) well, maybe a little, but in a good way. We have fun together, laugh together, cry together. And when I tell u "I love u," there's no fear, no doubt. U look at me with those beautiful eyes of urs and say it back, just like that.

Oii Devate, I know I'm being filmy again, but isn't it a beautiful thought? That even if things don't work out in this life, our souls will find each other again? That somewhere, sometime, we get it right? Maybe that's what this quote means - "Maybe in another lifetime I will find you again and it will be different." Different because this time, we're both ready. This time, we're brave enough to

love each other without holding back.

Devate, I don't know if u believe in all this next life stuff. But when I look at this picture, when I read this quote, it gives me hope. Hope that even if I'm not the one for u in this life, maybe I will be in another. And Devate, I promise u this - whether it's this life or the next, I'll always be there for u. I'll always try to make u laugh, to understand u, to love u in the way u deserve.

So Devate, what do u think? Can u imagine it? Us, in another life, getting it right? Tell me Devate, doesn't it make ur heart feel something, even just a little bit?

## The photo gallery :

u saw that photo gallery of urs  
(Open in laptop rey it will look even more better )

[Avant-Garde Photo Experience](#)(click on that)

"Maybe the philosopher who discovered the word 'beautiful' used a time machine, came and saw you, and then formed the word 'beautiful'"

Such a thoughtful compliment right

You should actually try to take my romantic compliments that's cos maybe who knows what if we will never be able to talk after graduation...

Who is going to give such romantic compliments ahhh ? U won't miss them ?I don't think so anyone as crazy as me to tell such compliments 😂😂😂

## YOU ONLY LIKE ME U DONT LOVE ME :

Akshata, you say I just like you, but if that were true, why would I feel this constant pull toward you, every second of every day? From the moment I wake up to the time I lie down, it's you. Always you. I'm not just thinking about our conversations, I'm thinking about the way you've become a part of my life that I can't imagine losing. Even when we don't talk, I'm waiting. I'm waiting for your messages, your voice, your smile. If it was just 'liking,' would I be sitting here, waiting for a single notification from you like it's the only thing that could make my day? It's not about liking anymore—it's about needing you. Needing you in ways I didn't even think were possible.

If I only liked you, would I remember every little thing about us? The way you laugh, the way you

get annoyed, the way you care about everyone around you. It's these little things that make me love you more with every passing day. I don't just notice them, I hold onto them. I hold onto every smile, every glance, every time your eyes light up when you're talking about something you love. If it was just 'liking,' I wouldn't be writing this. I wouldn't be spilling my heart out, trying to capture in words what my heart feels every time I think of you. You've made me see the world differently, made me want to be someone better. And it's not because I like you it's because I love you, more than I can even express.

You think I just like you, but why would I feel so terrified of losing you if it was only that? I've cried more times than I can count, not because I'm weak, but because the thought of not having you in my life breaks me in ways I didn't even know were possible. If this was just liking, I wouldn't be staying up at night, overthinking everything, replaying every word you've said, wondering if I did something wrong. Akshata, I don't just like you—I'm in love with you. So deeply in love that the idea of being without you feels like a future I don't want to face. I've waited for you, I'll keep waiting, because this love isn't something that fades. It's rooted in everything we've shared, in the way you make me feel, in the way you've become the most important person in my life.

You've made me realize that love isn't about grand gestures—it's about those small moments, those little things that nobody else sees, but me. Like the way you brush off your worries with a laugh, or the way your eyes reflect what you're truly feeling, even when you're trying to hide it. I see all of that, and I've fallen in love with it. If it was just liking, I wouldn't be here, pouring everything I have into these words, hoping you'll understand. Hoping you'll see that this is more than just attraction or a passing feeling. It's love, the kind that stays, the kind that changes everything. I want to be with you, not just for a moment, but for the long run. I want to be there for all your highs and lows, to love you the way you deserve to be loved.

It's the kind of love that makes me want to protect you, care for you, and make sure you're happy no matter what. I've changed because of you. I'm not the guy I used to be, the one who didn't care about anything or anyone. You've shown me what it means to truly care, to truly love. I want to be that person for you. The one who's always there, who loves you unconditionally, who waits for you no matter how long it takes. You're not just someone I like, Akshata you're the person I want to spend my life with. And I hope that one day, you'll see that too..... 😊

# That's how we man in love see the world

Chinnu, look at this photo rey... Can you feel what it's saying?

Remember how I told you that when I'm with you, everything else just fades away? This picture, it's exactly that feeling yar. See how the girl stands out, while everyone else is just a blur? That's

how you are in my world, Akshata.

Whenever we're together, it's like time stops, you know? The whole universe narrows down to just you and me. All those people around us in college, in the canteen, walking to class they just disappear. It's only you I see, only your voice I hear.

Tell me Devate , do you ever feel this way too? When we're talking, laughing, even in those moments of awkward silence... does the rest of the world fade out for you? Because for me, it's like you're the only clear thing in a blurry world.

I keep thinking about all those times we've spent together. Each moment feels like this picture - you in sharp focus, everything else just fading into the background. Your smile, your laugh, even your cute angry face - they're all so clear in my mind.

You know what I wish for? That one day, we'll be the couple. Standing together, lost in our own little world. No one else mattering, just you and me. Can you imagine it, Chinnu? Us, seeing only each other, everything else just melting away?

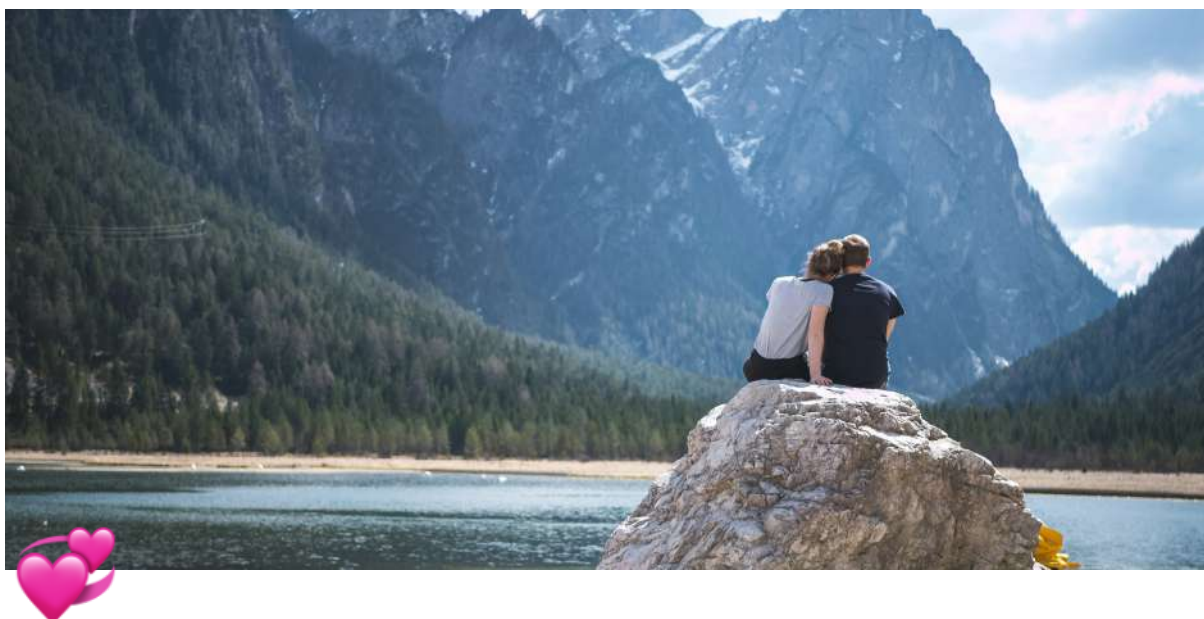

This is what love does, na? It makes you see the world differently. And you, Akshata, you've changed how I see everything. You've made my chaotic world make sense.

Maybe one day, you'll see me this way too. Maybe one day, we'll be that couple, lost in our own world. Until then, I'll keep seeing you like this the one clear, beautiful thing in my life.

And I told you one more thing: I will only approach you to marry you when I get a very high-paying job because I call you my devate, and I literally want to take care of you like a devate (because love does not run life, but money does)so I can literally take care of you the way I have described in all these pages I have written

Until then good bye take care devate 😊😊😊

# The True Meaning of Love: Choosing You, Always

Like always I will start with a good song [Click here](#)

Tell me how are my song selection ??

"I always tell you that I love you, right? But still, you deny it. And that's okay. I've told you before what I thought the definition of love was—What is the definition of love? Now, maybe after all this time, I've finally started to understand what love really is. Most importantly, I've realized that love has different meanings for different people. For me, love is your presence, your existence, your anger, your care, your sadness, your happiness, and most of all, you, Akshata. (Maybe one of the weirdest definitions of love.) I say this because I feel a sense of calmness, peace, and completeness when I'm with you. ♥[Click here](#)

But that definition I gave before was the romanticised, overthinking version from a hopelessly poetic person.

So, what is love? What exactly is love? After thinking about it, I've realized that love isn't sex. It's not talking to someone 24/7, or staying awake all night for them.

Love is when someone sees your worst side and still chooses you. When you're in tears, and they calm you down and don't leave until you're okay again—that's

love. It's the person who shares everything about themselves, whether good or bad, and in the end, makes sure you are okay. That's love."

"I used to think love was so simple. Roll back to our school days—if you liked someone, you just went up to them and said, 'I love you,' and if they liked you back, you'd become boyfriend and girlfriend. If not, you'd never speak to each other again. I didn't realize back then how complex love really is.

In school, love was sitting next to each other in the classroom, passing chits during lessons, helping each other with homework, and finding that secret spot to sit together during free periods. That's what love felt like when we were kids—innocent, effortless, and carefree.

But there was more to it, wasn't there? It was also waiting at the school gate just to catch a glimpse of them, or feeling a rush when their hand brushed against yours. It was staying up late, pretending to study, but really just thinking about them. It was finding reasons to meet during group projects or sitting at the same table in the cafeteria, hoping they'd notice the little things you did.

Back then, love was simple because we didn't know it could be anything else. We didn't know that love could be about patience, forgiveness, and seeing the other person's flaws yet choosing them anyway. We didn't know it was about navigating misunderstandings, disappointments, and still coming back to each other.

Love in our childhood was pure, but as we grew up, we realized how many layers it truly has."

Attraction, infatuation, crush—they all seem like love at first, right? Attraction is that instant spark when you can't take your eyes off someone, but it fades. Infatuation feels all-consuming, like they're all you think about, but it's built on fantasies. And a crush? It's just innocent admiration, something that makes your heart race but doesn't really go deeper.

But love? Love is different. Love sticks around when the excitement fades. Love isn't about finding someone perfect, but seeing all their flaws and still choosing them. It's that calmness, that peace you feel when they're with you. Attraction pulls you in, infatuation makes you obsessed, but love? Love grounds you. It's real. It's lasting. And that's why love is the most unique and powerful feeling of all.

After reading all this, I've realized that love has a complex definition. However, it's actually not that complicated to love someone. Loving someone requires

bravery and courage because it's easy to sleep around with different people and commit to no one, but it takes bravery to truly love someone.

I have already shared u this na :

Cute you have become nowadays, literally a cutu you are now... that cute silent voice you have when I'm angry at you... that's so cuteee... the way you say I should listen to you and that I'm not supposed to do this and that... that domination is cute... the way you make me jealous and then laugh, that is also very cute... the silly argument you bring for each statement I make is also very cute... and the nonsense questions you ask me are also very cuteeee (now don't scold me because I called your questions nonsense)... and lastly, the way you spoil my mood by saying something and then bring it back to normal is also very cutu 🥰🥰  
🥰... I die rey due to excessive cuteness... I thought a person could only be cute externally, but you are literally cute by your behavior... how am I finding these things cute? Maybe love makes you feel silly things are also cute.

So hello, my cute little Devate 🥰🥰.

Uk sometimes when we meet and we have a good time with each but still there a thought still hold in my head that ur completely not mine I sometimes feel like this [Click here](#)

Do you know why it feels that way? It's because saying goodbye to you is incredibly difficult. I long to spend every moment with you. The thought of letting you go is unbearable. Yet, I find myself falling in love with you over and over again. I crave more time with you, and I can't shake the feeling that you're going to be mine. ❤️

Here is the answer for that [click here](#)

What is this cycle of me falling in love again and again with u ?

It feels like a cycle we keep going through. Every time we're together, I have so much fun, but that thought is always there, reminding me that you're not really mine. I can't help but wonder if you feel the same way.

Every laugh and every little moment we share makes me want to be closer to you. I start to picture what it would be like if you were really mine, and it gets hard to shake off that feeling.

But then reality hits, and I think about how things are right now. I keep falling for you, even though I know the truth. Maybe it's just the hope that one day things could be different. Whatever it is, it pulls me back to you again and again.

"Just a side note: I never knew I could be this expressive. It's surprising to realize how deep my thoughts really are and how I can see different angles of a situation. I never imagined my brain could take such simple examples and make them look beautiful, perfectly aligning with what we're experiencing. It's like I can cinematically visualize each moment, as if it were a scene from a movie.

Who knows? Maybe one day, I'll become a movie director and actor! 😂😂 Just picture it—a wonderful story of a boy expressing himself in different ways with his wonderful way of expressing everything, all while sharing his unique thoughts with the girl he loves."

Ah, one more thing! I know you might not have noticed, but the website I made for you just got a massive update! Seriously, check it out—my hard work deserves a little love! Every time we hang out, I mean to show you, but then I totally blank. I updated it ages ago during our fourth-semester holidays!

Did you get a chance to look at it? What do you think? I'm thinking about adding it to my job resume—because who wouldn't want a website that screams "hire me"? 😂 And if the recruiter is a girl, she'll be 100% impressed! Maybe she'll throw in a job offer and a marriage proposal all in one go! 😂😂

One small doubt: What is it that you always say about having secrets? I'm really curious to know what your secrets are. I mean, when you build enough trust in me, you can tell me. Why keep secrets from a person who loves you? Or are you just kidding me about having secrets?

There are still a few questions left unanswered. Am I the first thought that crosses your mind when you wake up in the morning? Am I the one you instinctively reach out to when you're feeling bored? When you're surrounded by others, am I the one you quietly miss? And when something wonderful happens, am I the first person you can't wait to tell?

I wish I could be that person, though.

Maybe we won't end up together, and that's okay. Some things in life you simply have to accept. But at least I want to be the reason you still believe in love. I want to be the reason you know there are boys who will make you feel safe. I want to be the reason you understand that some people are willing to go to great lengths for love. I want to show you that hopeless romantics aren't just characters in books and movies—they exist, like us. I want to be the reason you start trusting people again. I want to be the reason you smile when you think of all the good moments we shared. I want to be the one who reminds you that someone can care deeply without expecting anything in return. I want to be the reason you believe in second chances and in the possibility of finding something real, even when everything seems lost.

At least in the future, when the topic of love comes up, tell my story: there was one crazy guy who loved me, and he used to express his feelings in the form of writing. All I ask for is at least a place in your heart, where I can live as a quiet reminder of what love can be.

Lastly, goodbye...

See u....when mood is right and I feel like to write

So though to keep a song for signing off also
